Reprinting into a New Work

8/10/2022
Kuan-Hung Lo
Email: khlo@vt.edu
Phone: +1-540-449-6852

Dear Dr. Alexander Leonessa:

I am requesting permission to reprint three pictures on “TREC at VT” Twitter account and a video from “TREC VT” Youtube account. Those images are:

- <https://twitter.com/trecvt/status/605607216767303683/photo/1>
- <https://twitter.com/trecvt/status/604689174537613312/photo/1>
- <https://twitter.com/trecvt/status/605765892891246592/photo/1>
- www.youtube.com/watch?v=f01uL8nfjgA

This request is for permission to include the above content as part of my dissertation “Laboratorization of Everyday Life: Adaptations among Robots, Laboratory and Society.” I use those images as my research data for conducting secondary analysis. Also, some of the images show human faces. I will blur their faces while I use them.

I believe that you, Dr. Alexander Leonessa, are currently the holder of the copyright, because you are the direct of TREC and the primary investigator of the projects in TREC. If you do not currently hold the rights, please provide me with any information that can help me contact the proper rightsholder. Otherwise, your permission confirms that you hold the right to grant this permission.

This request is for a non-exclusive, irrevocable, and royalty-free permission, and it is not intended to interfere with other uses of the same work by you. I would be pleased to include a full citation to your work and other acknowledgement as you might request.

I would greatly appreciate your permission. If you require any additional information, do not hesitate to contact me at the address and number above. You are also welcome to contact my advisor Dr. Saul Halfon at Virginia Tech. His email address is shalfon@vt.edu

If you agree with the terms as described above, please sign the letter where indicated below and email the letter to khlo@vt.edu

Sincerely,
Kuan-Hung Lo

Permission is hereby granted:

Signature:  Name & Title: Dr. A. Leonessa, Director of the TREC Lab

Company/Affiliation: Virginia Tech / Mechanical Engineering Date: 8/11/2022
