HOME DEMONSTRATION WORK

ANNUAL NARRATIVE REPORT

OF

HOME DEMONSTRATION WORK FOR 1925

IN

CAMPBELL COUNTY VIRGINIA

Mrs. C. S. Ferguson, Co. H. Dem. Agent.

COOPERATIVE AGENCIES:

Home Demonstration work is sponsored in Campbell County by the various Civic Organizations including the Kiwanis Club at Lynchburg, Chamber of Commerce, the County Board of Supervisors, County School Board, the banks and Home Demonstration Clubs.

The Advisory Counsel is made up of two women from each Magisterial District, the same having been appointed, one by the County Board of Supervisors, the other by the SchoolBoard. Their duties are varied, however, this year they have helped to plan the work for the agent and were instrumental in putting on a most successful Kitchen Improvement Contest. In this Contest forty-two women were enrolled; Thirty-nine completed their work and made marked improvements not only in their kitchens but in their homes generally. Running water was placed in 17 homes in the county; sinks and sanitary toilets installed. There were around four hundred dollars worth of prizes offered by the local merchants, besides fifteen dollars in gold given by United States Congressman. During the Contest the contestants were invited in a body to the City to visit the stores donating the prizes, and were the dinner guests of the largest department store in Lynchburg. The accompanying photo shows the contestants assembled in the store after lunch. At the conclusion of the Contest a high "get together" meeting was held when the Merchants, County Officials, State Senators, and United States Congressman were the guests of the contestants. At this meeting the prizes were awarded.

JUNIOR WORK:

The Junior work in the county consists of organized clubs in clothing, bread, cooking, canning and poultry, all together a total of three hundred and four girls.

(a) The work with the Clothing Club girls has included the changing of patterns, testing the materials, dyeing, remodeling and the making of school girls dresses and under garments.

(b) Bread work included the making of biscuits, muffins, bread and waffles.

(c) The Cooking work included the planning of meals, making menus, planning and preparing school lunches and table service.

(d) The Canning work included the preservation of fruits and vegetables and the use of pressure cooker.

(e) Poultry work included the grading and selecting of eggs, the judging of birds, the proper feeding of baby chicks and culling.

(f) Short Course. The annual short course for this county thus far has been the largest for any one single county in the State. The enrollment of girls this year being 82. The Short Course was held at Lynchburg College and the girls were given intensive training in whatever project they were interested in, with special emphasis being placed on parlimentary practice and the care of the body and the prevention of diseases. The health work was put on by the Superintendent of one of the local hospitals.

ADULT WORK:

(a) In addition to the Kitchen Contest with the adults, a Poultry Culling Campaign was put on in the county when 57 flocks were culled, averaging 50 birds to the flock, and with an average of one-third of the birds being discarded.

As a result of a Better Sires Campaign, it was possible this year to buy all the standard-bred eggs for hatching locally. Fifty-three standard bred cockerals were placed in the flocks in the county. Sixty families are feeding a better balanced poultry ration for the first time.

(b) Two units in Clothing and Food were organized with women. Thirty-two women enrolled and 20 completed. The Food work consisted in bread making, planning and preparation of meals and salad making, with the special emphasis on the use of green vegetables and milk in the family diet.

The Clothing work consisted in improved practices in selection and construction of materials and patterns, in renovating, remodeling and infant wardrobe planning.

GENERAL ACTIVITIES:

The Advisory Counsel and Home Demonstration Agent cooperating with Dr. Ellen A. Reynolds representing the Department of Agriculture, is placing 50 questionnaires in the rural homes in an effort to get first-hand information in regard to the living conditions in the rural sections. This information could not have been secured without the assistance of the Advisory Counsel, and is being followed up by the placing of account books in the homes that will be a check on the completed questionnaires.

HEALTH:

Although there is no health unit in the county, a real definite Health Program has been made possible by the financial support of the Kiwanis Club in Lynchburg, and the Board of Supervisors for the county. Funds are available for adenoid and tonsil operations for any child in the county unable to pay and whose application for help is O.K. by the Home Demonstration Agent.

FINANCES:

Funds for County and State Short Courses have been in a large measure furnished by the Chamber of Commerce of Lynchburg, the banks of Lynchburg, and Kiwanis Club, Lions and Rotarians. This money is used for special scholarships awarded for efficient club work. One club girl attending college on scholarship awarded to a Campbell County Club girl each year.

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

U. S. Department of Agriculture
and State Agricultural Colleges
Cooperating

Extension Service,
Office of Cooperative Extension Work,
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and negro agent, reporting on their respective lines of work.

State Virginia County Campbell County ~~Farm Agt.~~

Report of Mrs. C. S. Ferguson County Home Demonstration Agent.
(Name)

From Dec. 1st 1924 to Nov 30th ——, 1925.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to *avoid including the same data in the statistical report of more than one agent.*

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. *The report to the Washington office should be sent through the State extension office.*

Narrative Summary.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, forceful, and, where possible, reenforced with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, blue prints, or copies of charts and other forms used in demonstration work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The pages should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

Suggestive Outline of Annual Narrative Report.

I. Cover and title page.
II. Table of contents.
III. Status of county extension organization.
  (1) Form of organization—changes and development.
  (2) Function of local people, committees, or project leaders in developing the program of work.
  (3) General policies, including relationships to other organizations.
IV. Program of work, goals established, methods employed, and results achieved.
  (1) Factors considered and methods used in determining program of work.
  (2) Project activities and results.
    (a) Soils
    (b) Farm crops
    (c) Horticulture; Home gardens; Beautification of home grounds (including diseases and insects).
    (d) Forestry
    (e) Rodents, predatory animals, and birds.
    (f) Animal husbandry
    (g) Dairy husbandry; Home dairy (including diseases and insects).
    (h) Poultry husbandry; Home poultry

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

IV. Program of work, etc.—Continued.
  (2) Project activities and results—Continued.
    (i) Rural engineering.
        Rural engineering—home.
    (j) Agricultural economics, including farm management and marketing.
        Home marketing.
    (k) Foods.
    (l) Nutrition.
    (m) Clothing.
    (n) Home management.
    (o) House furnishings.
    (p) Home health and sanitation.
    (q) Community activities.
    (r) Miscellaneous.
V. Outlook and recommendations, including suggestive program of work for next year.
VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for extension work.
2. A PROJECT is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. MISCELLANEOUS WORK includes work which has not yet become a regular part of the program of work—work other than project work.
4. A COMMUNITY, for the purposes of this report, may be any one of the several units into which the county is divided for purposes of conducting organized extension work.
5. A PROJECT LEADER OR LOCAL LEADER is a person, selected because of his or her special interest and fitness, who functions as a leader in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show the practical application of an established fact. Demonstrations as contemplated in this report are of two kinds, method demonstrations and result demonstrations.

   A *method* demonstration is a demonstration given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a practice. Synonym: Lecture demonstration. Examples: Demonstrations of canning, mixing of spray materials, and culling of poultry.

   A *result* demonstration is a demonstration carried on by a farmer, farm woman, boy, or girl under the direction of the extension service, involving a substantial period of time, records of results, and comparisons. Examples: Child-feeding, corn-culture, and orchard-management demonstrations.
7. A DEMONSTRATOR is a farmer, farm woman, boy, or girl who, under the direction of the extension service, conducts a result demonstration.
8. MEMBERS COMPLETING should include those who have satisfactorily finished the work outlined for the current year.
9. A DEMONSTRATION MEETING is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
10. A TRAINING MEETING is a meeting at which project leaders or local leaders are trained to carry on extension activities in their respective communities.
11. AN OFFICE CALL OR TELEPHONE CALL is a visit or call by a farmer or other person seeking agricultural or home economics information, as a result of which some definite assistance or information is given.
12. A FARM VISIT is a call at a farm by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farmer regarding his work, or the better practice prevailing in his neighborhood.
13. A HOME VISIT is a call at a home by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farm woman regarding her work, or the better practice prevailing in her neighborhood.
14. DAYS IN OFFICE should include time spent by the county agent in his office, at county agent conferences, and any other work directly related to office administration.
15. DAYS IN FIELD should include all days spent on official duty other than those spent in office.
16. LETTERS WRITTEN should include all single letters on official business.

Definitions of Terms Used in this Report—Continued.

17. A FARMERS' INSTITUTE is one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
18. AN EXTENSION OR MOVABLE SCHOOL is an itinerant school usually of two to six days' duration where practical but systematic instruction is given to persons not resident at the college. AN EXTENSION SHORT COURSE differs from an extension school in that it is usually held at the college or other educational institution and usually for a longer period of time, but not exceeding two weeks.
19. RECORDS consist of definite information filed in the county office that will enable the agent to verify the data on extension work included in this report.
20. FARM OR HOME PRACTICE ADOPTED is a new or improved practice adopted on a farm or in a home during the year as a result of extension teaching. Examples: Spraying of potatoes for disease, canning of fruits and vegetables, use of balanced rations, and hat making.

GENERAL ACTIVITIES.

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report. — 1

(Name.)	(Title.)	(Months of service this year.)
Mrs. C. I. Ferguson	Co. H. Dem. Agt.	12

2. Number of communities in county where extension work should be conducted — 75 — 2
3. Number of above communities in which the extension program has been cooperatively worked out by extension agents and people concerned — 70 — 3
4. Number of voluntary county, community, or local leaders actively engaged in forwarding the extension program with— — 4
   (a) Juniors — 5
   (b) Adults — 12
5. Number of clubs carrying on extension work: — 5
   (a) Junior — 22
   (b) Adult — 4
6. Membership in above clubs:
   (a) Boys — (c) Men —
   (b) Girls — 304 — (d) Women — 66
7. Number of club members completing: — 7
   (a) Boys — (c) Men —
   (b) Girls — 196 — (d) Women — 54
8. Number of members in junior club work for four or more years: — 8
   (a) Boys —
   (b) Girls — 51

General Activities—Continued.

9. Number of junior judging or demonstration teams trained		3	9
10. Number entering college this year who have been club members		5	10
11. Total number of farm visits [1] made in conducting extension work			11
12. Number of different farms visited			12
13. Total number of home [1] visits made in conducting extension work		312	13
14. Number of different homes visited		292	14
15. Number of calls [2] relating to extension work	(a) Office	152	15
	(b) Telephone	141	
16. Number of days agent spent in office		64	16
17. Number of days agent spent in field		216	17
18. Number of individual letters written		1143	18
19. Number of fairs at which extension exhibits were made	(a) Community		19
	(b) County [illegible]	1	
20. Training meetings [2] held for local leaders	(a) Number	3	20
	(b) Leaders in attendance	36	
21. Method and result demonstration meetings [2] held (do not include meetings reported in number 20)	(a) Number	304	21
	(b) Attendance	2978	
22. Farmers' institutes [2] held	(a) Number		22
	(b) Attendance		
23. Extension schools [2] and short courses held	(a) Number	1	23
	(b) Attendance	88	
24. Junior club encampments held:			24
(a) Number			
(b) Attendance by club members	(1) Boys	0	
	(2) Girls	XX	
(c) Total attendance		XX	
25. Other extension meetings attended and not previously reported	(a) Number	4	25
	(b) Attendance	800	
26. Number of meetings at which were shown	(a) Lantern slides	8	26
	(b) Motion pictures		
	(c) Charts	15	

[Use space below to include other important data.]

[1] Do not count the same visit as both a farm visit and a home visit.
[2] See definition on page 3.

9—41446

PROGRAM SUMMARY

List below information on each project of the program of work for the year. If an assistant agent has been employed during the year, include his or her time with that of the agent. This page should not be filled out until the questions on the following pages have been answered.

Title of project.	Number of communities participating.[1] (a)	Number of local leaders assisting.[2] (b)	Days specialists helped. (c)	Days agent devoted to projects. (d)	
(Illustrative entry.) *Poultry*	6	7	2	14	
27. Soils (page 7)					27

6—31446

FARM-DEMONSTRATION WORK.

SOILS.[1]

Report only this year's extension activities and results that are supported by records.

45.	Number of method demonstrations given. (See definition 6, page 3.)	45
46.	Number of result demonstrations started or under way. (See definition 6, page 3.)	46
47.	Number of result demonstrations completed or carried through the year	47
48.	Number of acres involved in these completed demonstrations	48
49.	Number of farms adopting improved practices in the use of commercial fertilizer this year	49
50.	Tons involved in preceding question	50
51.	Number of farms taking better care of farm manures this year	51
52.	Number of farms using lime or limestone for the first time	52
53.	Tons of lime or limestone so used	53
54.	Number of farms plowing under cover or other green manure crops for the first time	54
55.	Acres of cover and green manure crops so plowed under	55
56.	Total number of different farms adopting improved practices, relative to the soils work reported on this page. (Include questions 47, 49, 51, 52, and 54 less duplications.)	56

[Use space below to include other important data relating to soils.]

[1] For drainage, irrigation, land clearing, and terracing see "Rural Engineering," page 16.

CEREALS.[1]

Report only this year's extension activities and results that are supported by records.

Item	(a) Corn.	(b) Wheat.	(c) Oats.	(d) Rye.	(e) Barley.	(f) Other.[2]	
57. Number of method demonstrations given							57
58. Number of adult result demonstrations started or under way							58
59. Number of adult result demonstrations completed or carried through the year							59
60. Acres involved in these completed demonstrations							60
61. Increased yield per acre on demonstrations	bu.	bu.	bu.	bu.	bu.	bu.	61
62. Number of junior clubs[3]							62
63. Number of members enrolled { (a) Boys							63
63. Number of members enrolled { (b) Girls							63
64. Number of members completing { (a) Boys							64
64. Number of members completing { (b) Girls							64
65. Number of acres grown by junior club members completing							65
66. Total yield of cereals grown by junior club members	bu.	bu.	bu.	bu.	bu.	bu.	66
67. Number of farms planting improved seed for the first time							67
68. Number of farms practicing seed selection for the first time							68
69. Number of farms treating seed grain for smut for the first time							69
70. Total number of different farms adopting improved practices relative to the cereal work reported on this page							70
[Use space below to include other important data relating to cereals.]							

[1] Report fall-sown crops the year they are harvested.
[2] Indicate crop by name.
[3] States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

5—31a

LEGUMES AND FORAGE CROPS.

Report only this year's extension activities and results that are supported by records.

Item.	(a) Alfalfa.	(b) Soybeans.	(c) Sweet clover.	(d) Crimson clover.	(e) Clover (red, alsike, white).	(f) Cowpeas.	
71. Number of method demonstrations given							71
72. Number of adult result demonstrations started or under way							72
73. Number of adult result demonstrations completed or carried through the year							73

114. Number of units involved in preceding question	acres	acres	acres	acres	X X X	X X X	114
115. Number of farms adopting improved practices relative to the horticultural work reported on this page							115
[Use space below to include other important data relating to horticulture.]							

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

FORESTRY.

Report only this year's extension activities and results that are supported by records.

116. Number of method demonstrations given		116
117. Number of adult result demonstrations started or under way		117
118. Number of adult result demonstrations completed or carried through the year		118
119. Number of acres included in these completed demonstrations		119
120. Number of junior clubs [1]		120
121. Number of members enrolled	(a) Boys	121
	(b) Girls	
122. Number of members completing	(a) Boys	122
	(b) Girls	
123. Number of acres handled by junior club members		123
124. Number of forest or wood-lot plantings made this year		124
125. Acres involved in preceding question		125
126. Number of farms assisted in wood-lot management this year		126
127. Acres involved in preceding question		127
128. Number of farms planting windbreaks this year		128
129. Number of farms attempting to control white-pine blister rust for first time		129
130. Number of acres involved in preceding question		130
131. Total number of farms adopting improved practices relative to the forestry work reported on this page		131

[Use space below to include other important data relating to forestry.]

RODENTS AND MISCELLANEOUS [2] INSECT AND ANIMAL PESTS.

Report only this year's extension activities and results that are supported by records.

Item.	(a) Rodents.	(b) Other animal pests.[3]	(c) Grasshoppers.	(d) Other insects.[3]	
132. Number of method demonstrations given					132
133. Number of result demonstrations started or under way					133
134. Number of such demonstrations completed or carried through the year					134
135. Number of acres in these completed demonstrations					135
136. Total number of farms cooperating in control measures this year					136
137. Number of acres involved in preceding question					137

[1] States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.
[2] Do not include work reported under "Crop" and "Livestock" headings.
[3] Indicate by name.

LIVESTOCK.

Report only this year's extension activities and results that are supported by records.

Item.	(a) Dairy cattle	(b) Beef cattle	(c) Swine.	(d) Sheep.	(e) Poultry.	(f) Other[1]	
138. Number of method demonstrations given							138
139. Number of adult result demonstrations started or under way							139
140. Number of adult result demonstrations completed *or* carried through the year							140
141. Number of animals involved in these completed demonstrations							141
142. Total profit or saving on demonstrations							142
143. Number of junior clubs[2]							143
144. Number of members enrolled (a) Boys							144
144. Number of members enrolled (b) Girls							144
145. Number of members completing (a) Boys							145
145. Number of members completing (b) Girls							145
146. Number of animals involved in junior club work completed							146
147. Number of farms assisted in obtaining purebred sires this year							147
148. Number of farms assisted in obtaining high-grade or purebred females this year							148
149. Number of farms culling herds or flocks for the first time							149
150. Number of animals in such herds or flocks							150
151. Number of animals discarded							151
152. Number of bull, boar, ram, or stallion circles, clubs, or associations organized during the year					X X X		152
153. Number of members in preceding circles, clubs, etc					X X X		153
154. Number of breed associations or clubs organized during the year							154
155. Number of members in these associations or clubs							155

[1] Indicate by name.

[2] States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

9—5140

LIVESTOCK—Continued.

Report only this year's extension activities and results that are supported by records.

Item.	(a) Dairy cattle.	(b) Beef cattle.	(c) Swine.	(d) Sheep.	(e) Poultry.	(f) Other [1]	
156. Number of cow-testing associations organized or reorganized during the year		XXX	XXX	XXX	XXX	XXX	156
157. Number of members in these associations		XXX	XXX	XXX	XXX	XXX	157
158. Number of farms not in associations testing cows for production		XXX	XXX	XXX	XXX	XXX	158
159. Number of cows under test by such associations and individual farms		XXX	XXX	XXX	XXX	XXX	159
160. Number of farms adopting improved practices in the sanitary production and care of milk this year		XXX	XXX	XXX	XXX	XXX	160
161. Number of farmers feeding better-balanced rations for the first time							161
162. Number of farmers controlling insect pests for the first time							162
163. Number of farmers directly influenced to test animals for tuberculosis this year			XXX	XXX	XXX	XXX	163
164. Number of farmers directly influenced to vaccinate animals for blackleg this year			XXX	XXX	XXX	XXX	164
165. Number of farmers directly influenced to vaccinate swine for cholera this year	XXX	XXX		XXX	XXX	XXX	165
166. Total number of different farms adopting improved practices relative to the livestock work reported on pages 14 and 15							166
[Use space below to include other important data relating to livestock.]							

[1] Indicate by name.

8—4146

RURAL ENGINEERING.

Report only this year's extension activities and results that are supported by records.

167. Number of method demonstrations given 167

168. Number of result demonstrations started or under way 168

169. Number of result demonstrations completed or carried through the year 169

170. Number of farms installing drainage systems this year 170

171. Acres drained 171

172. Number of farms installing irrigation systems this year 172

173. Acres irrigated 173

174. Number of farms constructing terraces or soil dams this year 174

175. Acres on which soil erosion was so prevented 175

176. Number of dwellings constructed this year according to plans furnished 176

177. Number of dwellings remodeled this year according to plans furnished 177

178. Number of sewage-disposal systems installed this year according to plans furnished 178

179. Number of water systems installed this year according to plans furnished 179

180. Number of heating systems installed this year according to plans furnished 180

181. Number of lighting systems installed this year according to plans furnished 181

182. Number of farms on which buildings other than dwellings were constructed or remodeled this year according to plans furnished 182

183. Number of buildings involved in preceding question

- (a) Barns .....
- (b) Hog houses .....
- (c) Poultry houses 183
- (d) Silos .....
- (e) Other .....

184. Number of farms clearing land of stumps or boulders this year 184

185. Acres of land so cleared 185

186. Total number of different farms adopting improved practices relative to the rural-engineering work reported on this page 186

[Use space below to include other important data relating to rural engineering.]

AGRICULTURAL ECONOMICS.

Report only this year's extension activities and results that are supported by records.

FARM MANAGEMENT.

187. Number of method demonstrations given 187

188. Number of farm-account books distributed this year 188

189. Number of farmers keeping records in such account books throughout the year 189

190. Number of farmers assisted in summarizing and interpreting their accounts 190

191. Number of farmers making changes in their business as result of keeping accounts 191

192. Number of other farmers adopting cropping, livestock, or complete farming systems this year according to recommendations 192

193. Number of junior farm-account clubs [1] 193

194. Number of members enrolled { (a) Boys ..... (b) Girls ..... } 194

195. Number of members completing { (a) Boys ..... (b) Girls ..... } 195

196. Number of farmers advised relative to leases this year 196

197. Number of farm-management and farm-account schools held this year 197

198. Number of farmers assisted in keeping cost-of-production records this year 198

199. Total number of different farms adopting improved practices relative to the farm-management work reported on this page 199

CREDIT.

200. Number of farm-loan or other credit associations organized this year with assistance of extension service 200

201. Membership in above associations 201

202. Number of other farmers assisted in obtaining credit 202

MARKETING.

203. Number of method demonstrations given 203

204. List below the cooperative-marketing associations organized *during this year* upon suggestion or with counsel of the extension service. 204

(a) Name of association or group.	(b) Number of members.	Supplies and products handled.	Supplies purchased.		Products sold.	
			(c) Value.	(d) Saving.	(e) Value.	(f) Profit.
			$	$	$	$
TOTAL						

[1] States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

AGRICULTURAL ECONOMICS—Continued.

Report only this year's extension activities and results that are supported by records.

205. List below this year's results in connection with the cooperative-marketing associations in the county previously organized and with which the extension service counseled or advised. 205

(a) Name of association or group.	(3) Number of members.	Supplies and products handled.	Supplies purchased. (c) Value.	Supplies purchased. (d) Saving.	Products sold. (e) Value.	Products sold. (f) Profit.
			$	$	$	$
TOTAL						

205½. Total number of different farms adopting improved marketing practices (include entries for questions 204 (b) and 205 (b) less duplications plus other farms not in cooperative associations) 205½

COMMUNITY ACTIVITIES AND MISCELLANEOUS.

Report only this year's extension activities and results that are supported by records.

Use this space to include work on any other agricultural project not included in the preceding pages, such as beekeeping, and similar work, i. e., any other information that can be reported statistically and that will help to give a complete account of the year's work.

Item.	(a) Beekeeping.	(b)[1]	(c)[1]	
206. Number of method demonstrations given				206
207. Number of adult result demonstrations started or under way				207
208. Number of result demonstrations completed or carried through the year				208
209. Number of units in these completed demonstrations				209
210. Number of junior clubs[2]				210
211. Number of members enrolled (a) Boys				211
211. Number of members enrolled (b) Girls				211
212. Number of members completing (a) Boys				212
212. Number of members completing (b) Girls				212
213. Number of units involved in junior club work completed				213
214. Total number of different farms adopting improved practices relative to the miscellaneous work reported on this page				214
[Use space below to include other important data relating to miscellaneous work.]				

[1] Indicate name over column.

[2] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

9—5146

HOME-DEMONSTRATION WORK.

FOODS.

Report only this year's extension activities and results that are supported by records.

FOOD PREPARATION.

215. Number of project clubs or groups[1]	(a) Women	2	215
	(b) Juniors	8	
216. Number of members enrolled in food preparation	(a) Women	32	216
	(b) Girls	132	
	(c) Boys		
217. Number of members completing	(a) Women	32	217
	(b) Girls	81	
	(c) Boys		
218. Number of method demonstrations given. (See definition 6, page 3.)		54	218
219. Number of result demonstrations started or under way. (See definition 6, page 3.)	(a) Women	32	219
	(b) Girls	132	
	(c) Boys		
220. Number of result demonstrations completed or carried through the year	(a) Women	32	220
	(b) Girls	81	
	(c) Boys		
221. Number of individuals adopting improved practices in bread making this year	(a) Women	32	221
	(b) Girls	24	
	(c) Boys		
222. Number of individuals adopting improved practices in meat cookery this year	(a) Women	32	222
	(b) Girls		
	(c) Boys		
223. Number of individuals adopting improved practices in vegetable cookery this year	(a) Women	32	223
	(b) Girls		
	(c) Boys		
224. Number of individuals adopting improved practices in preparation of dairy-product dishes this year	(a) Women		224
	(b) Girls		
	(c) Boys		
225. Number of individuals adopting improved practices in meal preparation and service this year	(a) Women	32	225
	(b) Girls	132	
	(c) Boys		
226. Number of homes budgeting the family food supply for the first time		10	226
227. Total number of different homes adopting improved practices relative to the food-preparation work reported on this page. (Include entries for questions 220, 221, 222, 223, 224, 225, and 226 less duplications.)		407	227

[Use space below to include other important data relating to food preparation.]

Placed 3 steam pressure cookers to be used in the preparation of meals. Also several fireless cookers.

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

9—8146

FOODS—Continued.

Report only this year's extension activities and results that are supported by records.

FOOD PRESERVATION.

228. Number of project clubs or groups [1]	(a) Women		228
	(b) Juniors	1	
229. Number of members enrolled in food preservation	(a) Women		229
	(b) Girls	14	
	(c) Boys		
230. Number of members completing	(a) Women		230
	(b) Girls	13	
	(c) Boys		
231. Number of method demonstrations given		5	231
232. Number of result demonstrations started or under way	(a) Women		232
	(b) Girls	14	
	(c) Boys		
233. Number of result demonstrations completed or carried through the year	(a) Women		233
	(b) Girls	13	
	(c) Boys		
234. Number of individuals adopting improved practices in preserving fruits and vegetables this year	(a) Women	32	234
	(b) Girls	13	
	(c) Boys		
235. Number of individuals adopting improved practices in preserving meats and fish this year	(a) Women	5	235
	(b) Girls		
	(c) Boys		
236. Number of homes providing better food storage for the first time		37	236
237. Total number of different homes adopting improved practices relative to the food-preservation work reported on this page		87	237

238. List below amount of food preserved by club members completing: 238

Kind of food.	(1) Women.	(2) Girls.	(3) Boys.
(a) Fruits and vegetables canned ..... quarts	460	555	
(b) Meats and fish canned ..... quarts	20		
(c) Jelly and preserves made ..... quarts	120	113	
(d) Fruit juices made ..... quarts			
(e) Pickles made ..... quarts	150	21	
(f) Fruits and vegetables dried ..... pounds [2]			
(g) Meats cured ..... pounds [2]			

[Use space below to include other important data relating to food preservation.]

No fruit ~~crop~~ Gardens failure on account of Drought.

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.
[2] Finished product.

8—5146

NUTRITION.

Report only this year's extension activities and results that are supported by records.

239. Number of project clubs or groups [1]	(a) Women		239
	(b) Juniors		
240. Number of members enrolled in nutrition	(a) Women		240
	(b) Girls		
	(c) Boys		
241. Number of members completing	(a) Women		241
	(b) Girls		
	(c) Boys		
242. Number of method demonstrations given			242
243. Number of result demonstrations started or under way	(a) Women		243
	(b) Girls		
	(c) Boys		
244. Number of result demonstrations completed or carried through the year	(a) Women		244
	(b) Girls		
	(c) Boys		
245. Number of individuals balancing family meals according to approved methods for the first time	(a) Women		245
	(b) Girls		
	(c) Boys		
246. Number of individuals preparing better school lunches for the first time	(a) Women		246
	(b) Girls	300	
	(c) Boys	100	
247. Number of schools induced to serve a hot dish or school lunch for the first time		1	247
248. Number of children involved in preceding question		185	248
249. Number of homes carrying out improved practices in child feeding for the first time		60	249
250. Number of children involved in preceding question		400	250
251. Total number of different homes adopting improved practices relative to the nutrition work reported on this page		60	251

[Use space below to include other important data relating to nutrition.]

More than 300 children are using milk as part of school lunch as result of milk campaign put on in the schools.

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

8—31 86

CLOTHING.

Report only this year's extension activities and results that are supported by records.

252. Number of project clubs or groups [1]	(a) Women	2	252
	(b) Juniors	13	
253. Number of members enrolled in clothing work	(a) Women	32	253
	(b) Girls	142	
	(c) Boys		
254. Number of members completing	(a) Women	20	254
	(b) Girls	89	
	(c) Boys		
255. Number of method demonstrations given		26	255
256. Number of result demonstrations started or under way	(a) Women	32	256
	(b) Girls	142	
	(c) Boys		
257. Number of result demonstrations completed or carried through the year	(a) Women	20	257
	(b) Girls	89	
	(c) Boys		
258. Number of individuals adopting improved practices in selection and construction	(a) Women	32	258
	(b) Girls	142	
	(c) Boys		
259. Number of individuals adopting improved practices in renovation and remodeling	(a) Women	6	259
	(b) Girls	5	
	(c) Boys		
260. Number of individuals adopting improved practices in millinery	(a) Women		260
	(b) Girls		
261. Number of individuals adopting improved practices in costume designing	(a) Women		261
	(b) Girls		
262. Number of individuals adopting improved practices in infant wardrobe planning	(a) Women	2	262
	(b) Girls		
263. Number of individuals adopting improved practices in children's wardrobe planning	(a) Women	6	263
	(b) Girls		
264. Number of individuals adopting improved practices in adult wardrobe planning	(a) Women	32	264
	(b) Girls		
265. Total number of different homes adopting improved practices relative to the clothing work reported on this page		233	265
266. Number of dress forms made this year by	(a) Women	2	266
	(b) Girls		
267. Number of dresses and coats made this year by	(a) Women	192	267
	(b) Girls	89	
268. Number of undergarments made this year by	(a) Women	150	268
	(b) Girls	746	
269. Number of hats made this year by	(a) Women		269
	(b) Girls		

[Use space below to include other important data relating to clothing.]

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME MANAGEMENT.

Report only this year's extension activities and results that are supported by records.

270. Number of project clubs or groups [1]	(a) Women		270
	(b) Juniors		
271. Number of members enrolled in home management	(a) Women		271
	(b) Girls		
	(c) Boys		
272. Number of members completing	(a) Women		272
	(b) Girls		
	(c) Boys		
273. Number of method demonstrations given		11	273
274. Number of result demonstrations started or under way	(a) Women	43	274
	(b) Girls		
275. Number of result demonstrations completed or carried through the year	(a) Women	39	275
	(b) Girls		
276. Number of individuals following a systematized plan of household work for the first time	(a) Women		276
	(b) Girls		
277. Number of homes obtaining additional labor-saving equipment this year		51	277
278. Number of kitchens planned and rearranged for convenience this year		51	278
279. Number of individuals following improved laundry practices for the first time	(a) Women		279
	(b) Girls		
280. Number of individuals making budgets and keeping accounts for the first time	(a) Women	10	280
	(b) Girls	1	
281. Total number of different homes adopting improved practices relative to the home-management work reported on this page		125	281

282. List below the number of labor-saving appliances involved in question 277: 282

(a) Hand washing machines	2	(f) Kitchen cabinets	7
(b) Power washing machines		(g) Electric or gasoline irons	
(c) Fireless cookers	13	(h) 34 Light stools 34	
(d) Kitchen sinks	18	(i) Swivel tubes put on faucets 13	
(e) Power vacuum cleaners		(j) 2 units made 2	

[Use space below to include other important data relating to home management.]

Water put in 7 homes, 2 sanitary bath rooms and toilets

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

8—31466

HOUSE FURNISHINGS.

Report only this year's extension activities and results that are supported by records.

283. Number of project clubs or groups [1]	(a) Women		283
	(b) Juniors		
284. Number of members enrolled in house furnishings	(a) Women		284
	(b) Girls		
	(c) Boys		
285. Number of members completing	(a) Women		285
	(b) Girls		
	(c) Boys		
286. Number of method demonstrations given			286
287. Number of result demonstrations started or under way	(a) Women		287
	(b) Girls		
	(c) Boys		
288. Number of result demonstrations completed or carried through the year	(a) Women		288
	(b) Girls		
	(c) Boys		
289. Number of individuals adopting improved practices in selection and arrangement of furnishings this year	(a) Women		289
	(b) Girls		
	(c) Boys		
290. Number of individuals adopting improved practices in the repairing and remodeling of furnishings this year	(a) Women	4	290
	(b) Girls		
	(c) Boys		
291. Number of individuals adopting improved practices in wall, woodwork, and floor treatment this year	(a) Women	4	291
	(b) Girls		
	(c) Boys		
292. Number of rooms involved in questions 289, 290, and 291	(a) Bedrooms	4	292
	(b) Living rooms	6	
	(c) Dining rooms	3	
	(d) Other rooms		
293. Total number of different homes adopting improved practices relative to the house-furnishing work reported on this page		13	293

[Use space below to include other important data relating to house furnishings.]

These rooms were rearranged as result of kitchen contest.

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completions.

8—6146

HOME HEALTH—SANITATION.

Report only this year's extension activities and results that are supported by records.

294. Number of project clubs or groups [1]	(a) Women		294
	(b) Juniors		
295. Number of members enrolled in home health and sanitation	(a) Women		295
	(b) Girls		
	(c) Boys		
296. Number of members completing	(a) Women		296
	(b) Girls		
	(c) Boys		
297. Number of method demonstrations given		5	297
298. Number of result demonstrations started or under way	(a) Women		298
	(b) Girls		
	(c) Boys		
299. Number of result demonstrations completed or carried through the year	(a) Women		299
	(b) Girls		
	(c) Boys		

HEALTH.[2]

300. Number of homes adopting recommended health practices this year		6	300
301. Number of individuals adopting recommended practices in—			301
(a) Use of health score card		(f) Care of skin and hair	88
(b) Good posture	88	(g) Home nursing	
(c) Prevention of colds		(h) First aid	
(d) Good elimination	88	(i)	
(e) Care of teeth	274	(j)	
302. Is your health program coordinated with the work of State and county health authorities?	(a) Yes	yes	302
	(b) No		

SANITATION.

303. Number of homes installing sanitary closets or outhouses this year according to plans furnished	3	303
304. Number of homes screened for the first time	7	304
305. Number of homes following other methods of controlling flies, mosquitoes, and other insects for the first time		305
306. Total number of different homes adopting improved practices relative to the sanitation work reported on this page		306

[Use space below to include other important data relating to home health and sanitation.]

Supt. of Lynchburg Hospital gave Lectures to girls attending County Short Course

17 Children had tonsils & adenoids removed by courtesy of Kiwanis Club and cooperation of Board of Supervisors

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.
[2] It is assumed that this work is conducted in cooperation with State and county health authorities.

9—8140

RURAL ENGINEERING—HOME.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 16.

307. Number of method demonstrations given		307
308. Number of result demonstrations started or under way		308
309. Number of result demonstrations completed or carried through the year		309
310. Number of dwellings constructed this year according to plans furnished		310
311. Number of dwellings remodeled this year according to plans furnished	3	311
312. Number of sewage-disposal systems installed this year according to plans furnished	1	312
313. Number of water systems installed this year according to plans furnished	1	313
314. Number of heating systems installed this year according to plans furnished		314
315. Number of lighting systems installed this year according to plans furnished	1	315
316. Number of poultry houses constructed this year according to plans furnished	1	316
317. Total number of different homes adopting improved practices relative to the rural-engineering work reported on this page	25	317

[Use space below to include other important data relating to rural engineering.]

BEAUTIFICATION OF HOME GROUNDS.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 12.

318. Number of project clubs or groups [1]	(a) Women		318
	(b) Juniors		
319. Number of members enrolled in beautification of home grounds	(a) Women		319
	(b) Girls		
	(c) Boys		
320. Number of members completing	(a) Women		320
	(b) Girls		
	(c) Boys		
321. Number of method demonstrations given			321
322. Number of result demonstrations started or under way	(a) Women		322
	(b) Girls		
	(c) Boys		
323. Number of result demonstrations completed or carried through the year	(a) Women		323
	(b) Girls		
	(c) Boys		
324. Number of home grounds planted this year according to a landscape plan			324
325. Number of school and community grounds planted this year according to a landscape plan		1	325
326. Number of homes painted or whitewashed this year as a result of instruction in beautification		4	326
327. Total number of different homes beautifying home grounds this year		4	327

[Use space below to include other important data relating to beautification of home grounds.]

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME GARDENS.

Report only this year's extension activities and results that are supported by records.
Do not list information which has been previously reported on page 12.

328. Number of project clubs or groups [1] ..... (a) Women ..... (b) Juniors 328

329. Number of members enrolled in home gardens ..... (a) Women ..... (b) Girls ..... (c) Boys 329

330. Number of members completing ..... (a) Women ..... (b) Girls ..... (c) Boys 330

331. Number of method demonstrations given 331

332. Number of result demonstrations started or under way ..... (a) Women ..... (b) Girls ..... (c) Boys 332

333. Number of result demonstrations completed or carried through the year ..... (a) Women ..... (b) Girls ..... (c) Boys 333

334. Number of gardens involved in result demonstrations ..... (a) Women ..... (b) Girls ..... (c) Boys 334

335. Number of individuals adopting improved practices in growing fruit trees this year ..... (a) Women ..... (b) Girls ..... (c) Boys 335

336. Number of individuals adopting improved practices in growing bush and small fruits this year ..... (a) Women ..... (b) Girls ..... (c) Boys 336

337. Number of individuals adopting improved practices in growing grapes this year ..... (a) Women ..... (b) Girls ..... (c) Boys 337

338. Number of individuals adopting improved practices in growing vegetables this year ..... (a) Women ..... (b) Girls ..... (c) Boys 338

339. Number of individuals saving improved stock or seed for the first time ..... (a) Women ..... (b) Girls ..... (c) Boys 339

340. Number of homes spraying or otherwise treating garden crops for diseases and insect pests for the first time 340

341. Number of individuals growing winter gardens for the first time ..... (a) Women ..... (b) Girls ..... (c) Boys 341

342. Total number of different homes adopting improved practices relative to the home-garden work reported on this page 342

[Use space below to include other important data relating to home gardens.]

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME POULTRY.

Report only this year's extension activities and results that are supported by records.
Do not list information which has been previously reported on pages 14 and 15.

343. Number of project clubs or groups [1]	(a) Women		343
	(b) Juniors		
344. Number of members enrolled in home poultry	(a) Women	2	344
	(b) Girls	16	
	(c) Boys		
345. Number of members completing	(a) Women	2	345
	(b) Girls	13	
	(c) Boys		
346. Number of method demonstrations given			346
347. Number of result demonstrations started or under way	(a) Women	2	347
	(b) Girls	13	
	(c) Boys		
348. Number of result demonstrations completed or carried through the year	(a) Women	2	348
	(b) Girls	13	
	(c) Boys		
349. Number of birds in result demonstrations raised or managed by	(a) Women	500	349
	(b) Girls	275	
	(c) Boys		
350. Total profit on result demonstrations conducted by	(a) Women	$350.	350
	(b) Girls	339.50	
	(c) Boys		
351. Number of individuals culling flocks for the first time	(a) Women	57	351
	(b) Girls		
	(c) Boys		
352. Number of homes culling flocks for the first time		57	352
353. Number of birds in these flocks		2750	353
354. Number of birds discarded		900	354
355. Number of homes feeding better-balanced poultry rations for the first time		60	355
356. Number of individuals assisted in obtaining standard-bred eggs for hatching this year	(a) Women	8	356
	(b) Girls	14	
	(c) Boys		
357. Number of homes assisted in obtaining standard-bred cockerels this year		53	357
358. Number of individuals adopting improved practices in early hatching and chick rearing this year	(a) Women		358
	(b) Girls		
	(c) Boys		
359. Number of homes directly assisted in increasing the family income this year through poultry		60	359
360. Number of homes controlling poultry insects for the first time		57	360
361. Total number of different homes adopting improved practices relative to the home-poultry work reported on this page		270	361

[Use space below to include other important data relating to home poultry.]

This does not include 20 cases where treatment for scaly leg and bumble foot was demonstrated

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

9—42-46

HOME DAIRY.

Report only this year's extension activities and results that are supported by records.
Do not list information which has been previously reported on pages 14 and 15.

362. Number of project clubs or groups [1] — (a) Women ____ (b) Juniors ____ — 362

363. Number of members enrolled in home-dairy work — (a) Women ____ (b) Girls ____ (c) Boys ____ — 363

364. Number of members completing — (a) Women ____ (b) Girls ____ (c) Boys ____ — 364

365. Number of method demonstrations given ____ — 365

366. Number of result demonstrations started or under way — (a) Women ____ (b) Girls ____ (c) Boys ____ — 366

367. Number of result demonstrations completed or carried through the year — (a) Women ____ (b) Girls ____ (c) Boys ____ — 367

368. Number of cows or calves in result demonstrations raised or managed by — (a) Women ____ (b) Girls ____ (c) Boys ____ — 368

369. Number of homes feeding better dairy rations for the first time ____ — 369

370. Number of homes adopting better practices in the sanitary production and care of milk this year ____ — 370

371. Number of homes adopting better practices in butter or cheese making this year ____ — 371

372. Number of pounds of butter made ____ — 372

373. Number of pounds of cheese made ____ — 373

374. Total number of different homes adopting improved practices relative to the home-dairy work reported on this page ____ — 374

[Use space below to list other important data relative to home dairying.]

[1] States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME MARKETING.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on pages 17 and 18.

375. Number of method demonstrations given 375

376. List below the cooperative-marketing associations organized *during this year* upon suggestion and counsel of the Extension Service. 376

(a) Name of association or group.	(b) Number of members.	Products sold. (c) Value.	Products sold. (d) Profit.	Supplies purchased. (e) Value.	Supplies purchased. (f) Saving.
Curb or bazaar markets		$	$	$	$
Egg circles					
TOTAL					

377. List below this year's results in connection with the cooperative-marketing associations in the county *previously* organized and with which the Extension Service counseled or advised. 377

(a) Name of association or group.	(b) Number of members.	Products sold. (c) Value.	Products sold. (d) Profit.	Supplies purchased. (e) Value.	Supplies purchased. (f) Saving.
Curb or bazaar markets		$	$	$	$
Egg circles					
TOTAL					

378. Number of homes standardizing and grading products for markets: 378

(a) Poultry and poultry products ..... (d) Fruits and vegetables .....

(b) Canned goods ..... (e) .....

(c) Dairy products ..... (f) .....

378½. Total number of different homes adopting improved marketing practices (include entries for questions 376 (b) and 377 (b) less duplications plus other homes not in cooperative associations) 378½

[Use space below to list the principal products handled in cooperative marketing associations reported above.]

COMMUNITY ACTIVITIES AND MISCELLANEOUS—HOME.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 18.

Use this page to include work on any other home-economics project not included in the preceding pages, such as recreation, basket making, and similar work, i. e., any other information that can be reported statistically and that will help to give a complete account of the year's work.

Item.	[1] Home survey	(b) [1]	(c) [1]
