Varakini,

I have no concern about including the paper in your dissertation.

Good luck on your defense!

Wei

Dear all,

Hope you are doing well. I am reaching out to let you know that I have included our journal paper on the Toyota work in my dissertation. Please let me know if you have any concerns regarding this. I checked and confirmed that there wasn't any significant overlap with Jitish's dissertation. Since we considerably rewrote it compared to the original submission and focused on the material properties of EPS foam, this was not a problem. Nothing concerning showed up in my Ithenticate report.

Thanks again for your contributions to this paper. It has really helped me proceed with my defense while awaiting decision on a paper related to the main theme of my dissertation.

Best regards,
Varakini
