Copyright Release

This document has been requested by the Signature Approval System hosted by the Virginia Tech Graduate School (https://ess.graduateschool.vt.edu/) and is submitted along with a PDF copy of my dissertation, “Integrated Multimodal Analysis: Evaluating the Impacts of Chemotherapy and Electroporation-Based Therapy on Lymphatic and Blood Microvasculature in Cancer”, in partial fulfillment of the requirements for the degree of Doctor of Philosophy in Biomedical Engineering.

I, Savieay Esparza, claim copyright protection for my Ph.D. dissertation, “Integrated Multimodal Analysis: Evaluating the Impacts of Chemotherapy and Electroporation-Based Therapy on Lymphatic and Blood Microvasculature in Cancer” (2024). In accordance with VT Graduate School requirements, I hereby grant to Virginia Tech and its agents the non-exclusive license to archive and make accessible, after one year, my dissertation [in whole or in part in all forms of media], now or hereafter known. I retain all ownership rights to the copyright of the dissertation. I also retain the right to use in future works (such as articles or books) all or part of this dissertation.
