Dear Jessica Kozarek:

Permission is granted for you to reuse "Hydraulic complexity metrics for evaluating in-stream brook trout habitat." in your doctoral dissertation. Please add a full credit line to the material being reprinted: With permission from ASCE.

**To:** PERMISSIONS  
**Subject:** Permission to Reuse Author's Own Material in doctoral thesis

Dear ASCE Permissions Office:

I am writing to confirm permission to republish the article below in my doctoral dissertation to be completed this Spring semester 2011 at Virginia Tech.

Kozarek, J. L., Hession, W. C., Dolloff, C. A., and Diplas, P. (2010). "Hydraulic complexity metrics for evaluating in-stream brook trout habitat." *Journal of Hydraulic Engineering*, 136(12), 1067-1076.

The following text is located on the ASCE website, however, I believe our dissertation process requests a letter or email confirming this permission.

**"Reuse in masters/doctoral thesis**

This permission allows a masters/doctoral degree candidate to republish the requested content in his/her doctoral thesis. This permission is free of charge."

Please inform me if I need to submit any additional information, and thank you for your time.

Sincerely,

Jessica Kozarek
