Phone: +1-540-449-6852

Dear Dr. Yueh-Hsuan Weng:

I am requesting permission to reprint “Figure 10 WL-16RII’s experimental site: downtown Fukuoka” (page 852) from the following work: Yueh-Hsuan Weng, Yusuke Sugahara, Kenji Hashimoto, and Atsuo Takanishi. "Intersection of “Tokku” special zone, robots, and the law: a case study on legal impacts to humanoid robots." International Journal of Social Robotics 7, no. 5 (2015): 841-857.

This request is for permission to include the above content as part of my dissertation “Laboratorization of Everyday Life: Adaptations among Robots, Laboratory and Society.” I will use Figure 10 for the literature review section of my dissertation.

I believe that you, Dr. Yueh-Hsuan Weng, are currently the holder of the copyright, because the original work states that copyright is held in your name. If you do not currently hold the rights, please provide me with any information that can help me contact the proper rightsholder. Otherwise, your permission confirms that you hold the right to grant this permission.

This request is for a non-exclusive, irrevocable, and royalty-free permission, and it is not intended to interfere with other uses of the same work by you. I would be pleased to include a full citation to your work and other acknowledgement as you might request.

I would greatly appreciate your permission. If you require any additional information, do not hesitate to contact me at the address and number above. You are also welcome to contact my advisor Dr. Saul Halfon at Virginia Tech. His email address is shalfon@vt.edu

If you agree with the terms as described above, please sign the letter where indicated below and email the letter to khlo@vt.edu

Sincerely,
Kuan-Hung Lo

Permission is hereby granted:
