Subject: Permission to include two of my papers in my dissertation [Case Number : 13653690] (5006T00001xdOUdQAM.0030W00003kq66xQAA)

 This is an external email.

Team,

I am trying to include my following papers published in Wiley's Water Resources Research as chapters of my dissertation:

Lotts, W. S., & Hester, E. T. (2020). Filling the void: the effect of stream bank soil pipes on transient hyporheic exchange during a peak flow event. Water Resources Research, 56, e2019WR025959. <https://doi.org/10.1029/2019WR025959>

Lotts, W. S., & Hester, E. T. (2022). Pipe dreams: The effects of stream bank soil pipes on hyporheic denitrification caused by a peak flow event. Water Resources Research, 58, e2021WR030312. <https://doi.org/10.1029/2021WR030312>

Could I have permission to include these in my dissertation? What statement do I need to put into the chapter? If this is not the correct e-mail address to handle this matter, could you please forward me to the correct e-mail address?

Thanks for any assistance!

Best regards,
-Seth

Wiley Global Permissions

Dear Seth

Thank you for your email.

Permission is hereby granted for the use requested, subject to the usual acknowledgements (author, title of material, title of book/journal, ourselves as publisher). You should also duplicate the copyright notice that appears in the Wiley publication; this can be found on the copyright page if the material is a book or within the article if it is a journal.

Any third-party material is expressly excluded from this permission. If any of the material you wish to use appears within our work with credit to another source, authorisation from that source must be obtained.

This permission does not include the right to grant others permission to photocopy or otherwise reproduce this material except for accessible versions made by non-profit organisations serving the blind, visually impaired and other persons with print disabilities (VIPs).

Should you require any further information or assistance, please do not hesitate to contact me.

Kind regards

Mary O'Connell
