Copyright Permission for Chapter 3

Dear Dr. Celik:

10/8/2010 10:15 PM

Thank you for requesting permission to reproduce material from American Institute of Physics publications.

Permission is granted - subject to the conditions outlined below - for the following:

"Impulse and particle dislodgement under turbulent flow conditions,"
Physics of Fluids (Vol. 22, Issue 4).

To be used in the following manner:

Reproduced in your dissertation for submission to the Civil and Environmental Engineering Department at Virginia Tech, Blacksburg VA.

1. The American Institute of Physics grants you the right to reproduce the material indicated above on a one-time, non-exclusive basis, solely for the purpose described. Permission must be requested separately for any future or additional use.

2. This permission pertains only to print use and its electronic equivalent, including CD-ROM or DVD.

3. The following copyright notice must appear with the material (please fill in the information indicated by capital letters):
"Reprinted with permission from [FULL CITATION]. Copyright [PUBLICATION YEAR], American Institute of Physics."
Full citation format is as follows: Author names, journal title, Vol. #, Page #, (Year of publication). For an article, the copyright notice must be printed on the first page of the article or book chapter. For figures, photographs, covers, or tables, the notice may appear with the material, in a footnote, or in the reference list.

4. This permission does not apply to any materials credited to sources other than the copyright holder.

Please let us know if you have any questions.

Sincerely,
Susann Brailey
