Dear Prof. Estejab:

It is our pleasure to grant you permission to use **all or any part of the** ASME paper "Assessment of Drag Models for Geldart A Particles in Bubbling Fluidized Beds," by Bahareh Estejab; Francine Battaglia, J. Fluids Eng. 2015; 138(3), cited in your letter for inclusion in a dissertation entitled Hydrodynamics and gasification behavior of coal and biomass fluidized beds and their mixtures to be published by Virginia Tech.

Permission is granted for the specific use as stated herein and does not permit further use of the materials without proper authorization. Proper attribution must be made to the author(s) of the materials. **Please note:** if any or all of the figures and/or Tables are of another source, permission should be granted from that outside source or include the reference of the original source. ASME does not grant permission for outside source material that may be referenced in the ASME works.

As is customary, we request that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher. Acknowledgment must be retained on all pages printed and distributed.

Many thanks for your interest in ASME publications.

Sincerely,

Beth Darchi

Publishing Administrator
