Hello Dr. Pahwa,

I hope everything is going well with you.

Recently, I read your dissertation and NAPS 2013 paper. The demonstration of electrical centrality and electrical node significance in your dissertation is very well performed. I may use figures 5.3, 5.4 and 5.6 in my dissertation and paper.

I am writing this email to you to have your permission for using those figures in my paper and dissertation with proper citations.

Best regards,
Mohammad

Hi Mohammad,

Thank you! Sure, you may use the figures in your dissertation with proper citations.

Congratulations, you are close to finishing, and good luck for your defense.

Regards,

Sakshi
