

## TABLE OF CONTENTS

ABSTRACT.....	ii
ACKNOWLEDGMENTS .....	iv
TABLE OF CONTENTS .....	v
LIST OF TABLES .....	ix
CHAPTER I INTRODUCTION .....	1
Overall goals of the study .....	3
Objectives of the study .....	4
Definition of terms .....	5
CHAPTER II REVIEW OF LITERATURE .....	7
Low-income patient characteristics .....	7
Older patient needs .....	9
Physician nutrition attitudes and beliefs .....	10
Nutrition counseling practices of physicians .....	11
Attitudes, beliefs, and characteristics of physicians related to nutrition counseling .....	14
Physician influence on patients' attitudes and actions .....	15
Physician nutrition referrals .....	16
Physician practices .....	16
Physician expectations .....	18
Patient participation in free nutrition education services .....	20
Factors that influence physician nutrition counseling or referrals .....	21
Nutrition in managed care .....	21
Nutrition training of physicians .....	22
Physician knowledge of patients' socioeconomic situations .....	22

Transportation influence on physician selection .....	23
Free community nutrition education programs .....	23
EFNEP and WIC .....	23
FSNEP .....	24
Food Stamp program .....	27
Payment of physician services .....	28
Medicaid .....	28
Medicare .....	29
Questionnaires as survey instruments .....	30
Overall summary .....	32
CHAPTER III METHODOLOGY .....	33
Subjects surveyed .....	33
Physicians .....	33
FSNEP clients/patients .....	34
Development of the questionnaires .....	37
Physician questionnaire .....	37
FSNEP client questionnaire .....	37
Pilot testing of surveys .....	38
Administration of the surveys .....	38
Physician survey .....	38
FSNEP client survey .....	38
Analysis of the results .....	39
Timeline followed .....	40
CHAPTER IV RESULTS AND DISCUSSIONS .....	41
Results .....	41
Response rate of physicians .....	41

Characteristics of interviewed FSNEP clients .....	41
Characteristics of surveyed physicians .....	43
Nutrition attitudes of physicians .....	43
Nutrition counseling during office visits reported by physicians and FSNEP clients .....	43
Nutrition referral practices of physicians reported by physicians and FSNEP clients .....	49
Favorable and unfavorable attributes of nutrition education referral sources reported by physicians .....	52
Influence and discussion of patients' socioeconomic situations .....	55
Discussion .....	57
Characteristics of physicians and FSNEP clients .....	57
Nutrition attitudes of physicians .....	58
Nutrition counseling by physicians .....	59
Sources of nutrition counseling .....	59
Nutrition counseling rates .....	60
Preparedness to provide nutrition counseling .....	62
Perception and utilization of physicians' nutrition advice .....	62
Role of patients' socioeconomic situations .....	64
Nutrition referrals by physicians .....	65
Referrals to nutrition education/counseling services .....	65
Role of patients' socioeconomic situations .....	68
Favorable and unfavorable attributes of nutrition education/counseling services .....	69
 CHAPTER V   SUMMARY, CONCLUSIONS, AND RECOMMENDATIONS ....	72
Summary of results .....	72

Conclusions .....	74
Recommendations for future research .....	75
REFERENCES CITED.....	77
APPENDICES .....	83
A. FSNEP client informed consent form .....	83
B. Physician questionnaire .....	87
C. FSNEP client questionnaire .....	92
D. Physician thank you letter .....	96
E. Program Assistants' training form .....	98
VITA .....	103
