Hi Fatima,

Thanks for your email. We would be glad for you to use the figures you mention from the ASTHO Profile Report, as long as they are properly cited, of course. I have indicated this below. We would be interested in knowing how you are using the figures – would you be able to send me a copy of how you are using them (e.g., the text that corresponds to the figures)?

Thanks,
Rivka

ASTHO Profile of State Public Health, Volume Three

From: Fatima Sparger Sharif [mailto:sharif.fatima@gmail.com]
Sent: Monday, April 27, 2015 8:11 PM
To: Rivka Liss-Levinson
Subject: Request to include two ASTHO figures in dissertation

Dear Dr. Liss-Levinson,

I am completing a doctoral dissertation at Virginia Tech entitled "Public Health Officials' Perspectives on the Determinants of Health: Implications of Health Frames on Policy Implementation in State Health Departments." I would like your permission to reprint in my dissertation excerpts from the following:

1) Association of State and Territorial Health Officials. ASTHO Profile of State Public Health, Volume One. Washington, DC: Association of State and Territorial Health Officials. 2009.

The excerpt to be reproduced is Figure 2.5. I include this figure in a section on state health agency decision making authority.

2) Association of State and Territorial Health Officials. ASTHO Profile of State Public Health, Volume Three. Washington, DC: Association of State and Territorial Health Officials. 2014.

The excerpt to be reproduced is Figure 6.3. I include this figure in a section on public health financing.

These figures are immensely helpful in the background sections of my dissertation. The requested permission extends to any future revisions and editions of my dissertation, including non-exclusive world rights in all languages, and to the prospective publication of my dissertation by UMI Company. These rights will in no way restrict republication of the material in any other form by you or by others authorized by you. Your signing of this email will also confirm that the Association of State and Territorial Health Officials owns the copyright to the above-described material.

If these arrangements meet with your approval, please sign your name where indicated below and return it to me by email. Thank you very much.

Sincerely,

Fatima Sharif

Doctoral Candidate

Public Domain Statement for Figure 4

Figure title:

Figure 4. United States public health system (Source: Office of State, Tribal, Local, and Territorial Support, Centers for Disease Control and Prevention, 2014; Public domain)

Page: 37

Citation:

Office of State, Tribal, Local, and Territorial Support, Centers for Disease Control and Prevention. (2014, May 29). The Public Health System and the 10 Essential Public Health Services. Retrieved from <http://www.cdc.gov/nphsp/essentialServices.html>. Public domain determination attached.

Statement:

The federal agency, Centers for Disease Control and Prevention, lists the content source for Figure 4 in my dissertation as the Office for State, Tribal, Local, and Territorial Support (Office). The Office is a part of this public federal agency, which puts the figure in the public domain.

The URL for the figure is: <http://www.cdc.gov/nphsp/essentialServices.html>

The site was accessed in the Fall of 2014.

Public Domain Statement for Figure 6

Figure title:

Figure 6. State and region of interviewees (Source: Intergovernmental/External Affairs, Health and Human Services, 2014; Public domain)

Page: 63

Citation:

Intergovernmental/External Affairs, Health and Human Services (HHS). (2014, April 15). Regional Offices. Retrieved from <http://www.hhs.gov/iea/regional/index.html> Public domain determination attached.

Statement:

The federal department, Department of Health and Human Services, states that the content on the listed webpage, which includes Figure 6 in my dissertation, was created by Intergovernmental/External Affairs. Intergovernmental/External Affairs is a part of this federal department, which puts the figure in the public domain.

The URL for the figure is: <http://www.hhs.gov/iea/regional/index.html>

The site was accessed in the Fall of 2014.
