Dear Sir/Madam,

I am Mohamed Jrad, the second author of the AIAA conference paper (AIAA 2015-0137) titled:

Integrated Global Wing and Local Panel Optimization of Aircraft Wing

I am contacting you to get permission to add this publication as a chapter in my dissertation. I need the authorization as soon as possible so that the graduate school can review it. Your help is much appreciated.

Thanks,
Mohamed

Dear Dr. Liu,

I have cited your work in my dissertation. Do you grant me permission to use some material from it since we worked in collaboration on the chapter of the integrated global/local optimization framework? I will use your response as attachment in my dissertation files.

"Portions of this chapter have been done in collaboration with Dr. Qiang Liu and have also been described in some detail in his thesis."

Thanks,
Mohamed
