To whom it may concern;

I am interested in using the image of the powdery mildew of wheat, *Blumeria graminis tritici* disease cycle from your publication in my thesis.

I am a Master's student at Virginia Tech in the small grains breeding and genetics program under Dr. Carl Griffey.

Thank you,

Dear Tiffany,

I can see no problem in you reproducing this image in your thesis, provided that the source is acknowledged. Please credit it to "The encyclopaedia of cereal diseases, HGCA/BASF 2008".

Please don't hesitate to contact me if I can be of any further help. Good luck with your thesis!

Kind regards,
Emily
