Hi, Kirt!

Thanks for including one of my photos in your project 😊

And thanks for asking permission! So, I got my answer back from my department.

All you have to do is write **Virginia Tech** next to the photo and you're all good!

Have a great day!

Hello Mr. Kim,

I am requesting permission to include an image of your work in my Thesis book. The conservation plinth has been a huge inspiration for my project and I cannot imagine not mentioning it in my documentation.

We are in the final stages of construction, I have included a few images if you are curious.

Thank you!

Kirt Hilker

Yes of course. Work looks great. Thanks for asking for permission to use the images.

Good luck.

Robert

Also could you send me a text or email with your permission to use your photos?

Hey, sorry; nothing I'm excited about from Enric's office. It sounds like the position he's offering only pays like \$15 an hour... It's supposed to be really flexible though, so I guess we'll see. Hopefully Hunter just has something for me tomorrow.

And you are welcome to use any of my photos for your thesis book.

Kay >

time taking break

I know 😊

Yesterday 9:22 PM

Hey Kay, sorry to text so late but my book is due tomorrow. Could you text me your permission to use the photos you took of me during the build?

Of course—permission granted

Thanks, I let Bill know we still don't have a permit and Monday looks better weather-
