

Viscous Dampers for Optimal Reduction in Seismic Response

Navin Prakash Verma

Thesis submitted to the Faculty of the
Virginia Polytechnic Institute and State University
in partial fulfillment of the requirements for the degree of

Master of Science
in
Engineering Mechanics

Mahendra P. Singh, Chair

Romesh C. Batra

Scott L. Hendricks

July 11, 2001

Department of Engineering Science & Mechanics

Virginia Polytechnic Institute and State University

Blacksburg, Virginia

Keywords: Visco-elastic dampers, Maxwell Model, Gradient Based Optimization
