Paper/Chapter Title: Irradiation induces regionally specific alterations in pro-inflammatory environments in rat brain

Author(s): Won Hee Lee, William E. Sonntag, Matthew Mitschelen, Han Yan, and Yong Woo Lee

Permission to reproduce the content specified above is granted on acceptance of the following Conditions of Use:

1. A credit line must be placed in each table or figure legend stating:

Reproduced from [first author et al. (20XX)^Z]

Where reference Z is included in the article/chapter reference section as a citation to the original article as specified above.

2. Adaptations of single figures/tables are covered. However, the adaptation must be credited as follows:

Adapted by permission from Informa Healthcare: [JOURNAL NAME] (reference citation), copyright (year of publication)

3. The requestor warrants that the material will not be used in any manner that may be considered derogatory to the journal, content, or authors of the material, or to Informa Healthcare.
4. Permission is granted for one-time use only as specified below. A single permission is valid for up to one year from the date permission was requested. Rights herein do not apply to future reproductions, editions, revisions, or other derivative works. Permission must be sought for future re-use of material.
5. Permission granted is non-exclusive, and is valid throughout the world in the English language only. Separate permission is required for translations into other languages.
6. Informa Healthcare cannot supply the requestor with the original artwork or a 'clean copy'.
