6—FIELD WORK, & INVESTIGATION.

7—LITERATURE.

8—PRACTICE.

9—AGRICULTURAL ENGINEERING, & DOCUMENTS.

10—MISCELLANEOUS.

11—APPENDIX.

INTRODUCTION

The contents of this report is a narrative summary of the Extension program of Flevanna county for the year 1936, containing certain details, and matters of record not embodied in the statistical report.

In carrying out this program, the County Agent was assisted by the County Advisory Council, composed of twenty-six leading citizens, business men and farmers of the county.

On all important phases of the extension program, both in meetings and in private conferences, matters were discussed by the agent with members of the County Council.

Inefficient farm operations, thus increasing the unit cost of production; poor soil management; lack of a proper balance between such crops, and livestock; and almost a total lack of farmer organization; these present the greatest needs of our county, and formed the basis for our program of work, briefly outlined and discussed on the following page.

PLAN OF WORK

In the program adopted, the following main items appear:

1. It is desired that there be an adequate distribution of the County Agent's time and effort among the major agricultural and rural activities and needs of this county.
2. More publicity, meetings, and personal letters and visits, better management, in soils, crops, livestock, poultry, and horticulture, are to be taught and stressed thru notices and special demonstrations.
3. Working more with groups, such as the 4-H Clubs; Farmers' clubs, and committees is to be undertaken. Attempts to organize ten such groups, to be made.
4. Among the campaigns to be conducted are the following: livestock; poultry; lime, and lawns; and better gardens. Local leaders and specialists are to assist.
5. Greater interest and more cooperation must be stimulated in our county fairs. Committees from each community are to be selected to arrange community exhibits.
6. The continued purchasing, cooperatively, of fertilizers, seeds, lime, and the sale of wool, by pool, are to be fostered.
7. The cooperative marketing of poultry products should be made a subject of special study and many discussions. A working group should be formed.
8. More attention needs to be given to forestry. Several plantings to be undertaken.

In carrying out this program, the advice and help of the members of the Advisory Council, and other leading men and women, together with the invaluable aid of District Agent, Mr. J. A. Bruce, have made arrangements as advisable, possible.

CLUB WORK

Goals

1. To enroll 100 members.
2. To have eight organized clubs, two in each district.

Projects: Corn, Garden, Pig, Dairy Calf, Poultry, and Flower.

Achievements.

Enrolled 117 Club Members. Six were organized. Six clubs, and gave reports.

Corn: 21 Garden, 71 Pig, 21 Poultry, 21 Flower, 21 Seedling.

A few figures and facts, gathered from reports compiled into various summaries, will interpret the real meaning and force of club work in Florence county.

CORN.

Five members enrolled; four completed and the work only three reported, as follows: Total cost \$120.00
Total value, \$207.00. Total profit \$87.00.
Total \$120.00

Dairy Calf.

Total enrolled 20. Completed, with report ten. Twelve calves in contact, six being sold, the other six in calf. Total cost, \$700.00. Total income, \$900.00. Total profit, \$200.00.

Hot Pig.

Total enrolled 8. Reported 8. Total No. pigs, 28. Total cost, \$200.00. Total income, \$250.00. Total profit, \$50.00.

Seedling Pig.

Total enrolled 11. Reported 11. Total No. pigs, 33. Total cost, \$220.00. Total income, \$300.00. Total profit, \$80.00.

Poultry.

Total enrolled 20. Reported 20. Total No. Chickens, 200. Total cost \$200.00. Total income \$300.00. Total profit \$100.00.

Seedling.

Total enrolled 5. Reported 5. Total cost, \$75.00. Total value, \$200.00. Total profit \$125.00.

DEED WORK (continued)

Flower.

Total enrolled, 80.

Reported, 80.

Bushes and varieties grown; Annuals, 145; Perennials, 120⁺
 Roses, 120; Bulbs, 120; Mixed Plants, 80⁺.

Acids from the education, experience, and responsibility of having charge of work of their own, in cooperation with parents, Fluvanna Co. Club Members have added an estimated wealth of over fifteen hundred dollars to the 1929 income on our farms.

Club work continues to be the one of the major extension activities. However, there is a lack of efficient leaders, who can and will take the necessary time and effort; so that too much detail is left to the County Agent.

Five girls in one school wanted to form a Sewing Club, but no leader could be secured, and the work had to be dropped.

About 80 percent of the pure bred hogs in the county, come from, or are owned by Club Members. Nine pure bred hogs, sold by Club Members, have been put in service.

Registered Dairy type bulls, are in each community where the club members can breed all their heifers, so that from the good grades they own, will come better individuals.

The members have registered heifers.

Club work is becoming more evenly distributed over the entire county. This year too, one record of public, had for the first time members enrolled.

There are great opportunities for the continued advancement of club work, and more effort needs to be put into it.

ADULT WORK

Goals	Achievements
1. To discuss with Advisory Council all important work.	In each type of work advice was sought, and given.
2. To begin some rural organizational work.	In six communities, now, regular monthly meetings, of men, women, and young people, meet. Average attendance, 25.
3. To form or assist farmer groups, whenever possible.	Formed pool with 20 % of growers formed. Estimated saving, \$25.00. About 25 tons more of high-grade fertilizer was purchased, and several more acre lines paid, because the County Agent met with 5 groups, ordering.
4. To start new Farm Accounts.	Nothing accomplished.
5. To study the Tobacco Situation..	See note below.

Note. Farmers appear helpless, and without faith in farmers ability to properly organize another pool. Their high hopes were so terribly shattered some before. All say it ought to be done, lack of faith in the "other fellow" may be due to a lack confidence in themselves, knowing the temptation never being.

Farmers fear the men outside the pool, ~~the~~ who press in competition with them, as much or more than the farmer men handling their products. If this outside grower, one actually handles the balance of year, could be put out of the way, the proper pool could be easily built up.

The time has come, when laws should be made to protect properly formed and operated Farmer Cooperatives. There is no business or sense in letting a few free-lance farmers spoil their own, and others legitimate profit in any community.

Until proper laws are formed, a systematic Community "pay-out" might help solve the problem. A county society to present a 100 % cent Pool for tobacco growers.

V
SOILS

- | Goals: | Achievements: |
|--|---|
| 1. To establish better rotation, better tillage, and drainage. | The North American Co. & local manufacturers. These cover the activities on about 200 acres of land and include all income crops. More than 100 acres were of alfalfa, or terraced. |
| 2. To assist in drainage work. | 20 acres of alfalfa were planted. It has great pasture and soil improvement possibilities. |
| 3. Landowners. | 20 farmers saved this fall. |
| 4. More cover crops. | |

Maintaining soil fertility ever remains a basic agricultural necessity. Increasing fertility is both a necessity and an opportunity. For farmers lose more soil occasionally, so do those things.

It is the continued policy of the County Agent to ever hold OUT TO FARMERS THE FACT THAT it does not pay to cultivate poor land, and pointing out some very rotations, the use of lime and leucaena, and the ways and means of making soil more productive.

The rotation of growing and livestock to soil fertility has often been stressed. In this connection, the care of farm manure both in making and saving these things have been stressed on more than 100 farms.

Winter cover crops are also being more discussed. Dry, Vetch, and Crimson Clover are being saved in increasing quantities.

There is an increase this year of about 25 per cent.

The drainage problems on the river farms are all of the same character, the land laying higher next to the river, and low against the bluff.

Systems need to be put in, as much fertilizer is now got out of crops.

The large farms have adopted a system that is economical, and giving fair results.

FIELD CROPS, & HORTICULTURE

Goals	Field Crops.	Achievements.
1. Better seed of known variety Corn, Wheat, V.P.I., Soy.	7	Ten demonstrations. Five " Seven "
2. Growing Soy Beans for seed.		Nine "
3. Clover and Alfalfa seed of known origin.		Alfalfa, 4 demonstrations. Clover, 4, "
4. Greater use of Sweet clover.		Twelve additional demonstrations.
5. More pastures to be improved.		Seven old pastures renovated and some lime used. Five pastures for hay, seeded and graded off.
6. More high grade fertilizer to be used.		25 tons of higher grade brought.

Farmers and farmers wives this year about eight ears more of good feedage seed corn for sale than they had last year, due to better season, and better tillage.

Farmers planting soy beans for seed are well pleased with the crop. One river farmer sowed double-crowded thirty acres of last year's seed land, and several broadcast 1 bu. soy per acre. One fine crop, at small cost.

Particulars.

1.33 Sprayed and Sprayed Demonstrations. It completed, with about 1200 trees.

Individual assistance was given in regard to building 8 storage cellars; instructing us to standard packs; advising us to raise; by promptly cutting for all neglected orchards, one per sold over \$200.00 worth of fruit, with a total cost of about \$20.00.

LIVESTOCK

Goals	Achievements.
1. To place 10 additional pure bred sires.	Three pure bred hears placed. Four pure bred bulls placed, Placed one, and replaced three pure bred hears. Total eleven placed.
2. To start four pure flocks of sheep.	Three started. One Bay. Direct breeder, with mixed Foundation stock.
3. Cooperative selling of wool. Organized by County Agent.	About one third of wool grown sold in pool. All well satis- fied.
4. Better dairy farm practices Silos, more practical, Better pastures, Selling more wool.	More alfalfa grown. Two built. A start made. Wool brought to Columbia Station.

The livestock industry deserves a much greater place in our farm activities than it occupies at the present. The Agent has held with some assistance from Extension Agents, especially Mr. J. C. Hesse a total of 28 meetings in the progress of livestock development.

Some time and effort has been spent by the Agent in locating pure bred of dairy type grade heifers from good dairymen, in and near Charlottesville, and Richmond as a result about twenty such calves have been found through a number of pure bred fifty such calves have been brought in. These are a great improvement over native stock, and are proving to be real money for their owners.

Our two great handicaps are no fences, and poor pastures. Together with the fact that we have very few cattle to begin with, and little ready money with which to buy, necessitated a slow growth.

Four of our farmers existing hogs, have sold over \$4000.00 each. Most of these were grown on pastures, and some fat on half fencer.

One farmer has for years put some burdocks to save in winter. This year he has 800 lbs. put in milk, for feeding. Also 800 lbs. stock heads put up for cattle. These make sheep feed.

Many cottages and most profitable livestock investments. Ten hards of over \$0, each have been built up, thru efforts of the County Agent.

VIII

POLKING

Goals

Standards

1. To hold two calling demonstrations.

Two calls.

2. Increased, in meetings, and by personal visits, the following:

Better breeding.
 Better handling
 Better feeding
 Calling
 Controlling ~~the flock~~

6 pure bred males placed.
 10 houses built or remodelled.
 Increased at 10 meetings.
 Over 500 birds handled.
 Increased at all meetings, and with poultry raisers.
 Two demonstrations, 500 copies.

Expenditures:

Home and commercial flocks continue to be our largest single source of revenue for the year.

There has been a steady growth in poultry production in the past few years. One poultryman, in whom I have placed my first house, ten years ago, now has about 500 V. Leghorns home, and five houses, all of the type first started.

A few flocks of turkeys have been raised in confinement this year with marked success.

Our best poultry market is Washington, or Baltimore. This year a few back loads have gone in, with success.

Our greatest need is to cooperate in the purchase of supplies and food, and in standardizing and selling cooperatively. There never will be the proper profit in poultry raising until our farmers learn how to cooperate. All say they should, but do not do as they say they ought to do.

This country, in 1911, in climate, is probably the best, being only a few hours run by truck to Washington, D.C. presence of several agencies for the poultry raiser. The industry should grow here.

AGRICULTURAL EXTENSION, & ECONOMICS

Goals

Achievements:

- To assist in improving farm and home equipment.
 1. Cultivators
 Tractors, and gas engines
 Pumps
 Harvesters,
 Mowers,
 Sprayers,

Machinery was improved and bought on 28 farms, at suggestions given by County agent.
 Four.
 Five.
 One.
 One.
 Six.

- To aid in drainage work
- To assist in plans or construction in building or re-building

Directions were given for surface draining about 250 acres and terracing about 50 acres. This work was done

done
 This was in the following way:
 Barns, three. Hog houses, two.
 Poultry houses, eight. Silos, one. Other buildings, six.

Note: On this phase of Extension work many important things may be done, and such time spent, very profitably, with little cost to the public, and time well spent on Ferguson.

ECONOMICS.

- To have two farm accounts kept
- To assist in improving farm and livestock, and property management
- To assist in the cooperative buying of lime and fertilizer; pooling and selling wool

Only one kept, and that showed decided loss.

This was done with favorable results on 41 farms.

This was done, which resulted in benefits to more than 250 farmers.

MISCELLANEOUS

There are certain other activities of the County Agent, not before mentioned, that have a rightful place in such a report as this.

Schools.

In this year's work there were sixty-seven visits made to the public schools of the county. At about one fourth of these, talks were made to the children, along the lines of better schools, better homes; better work; better farms, better stock, better communities, and better churches. Club work was always mentioned.

Last year the County Agent, actually planned and put up the first School Playground equipment in the county. Now most of the schools have some kind of equipment, or are planning to have some. Plans have been given three High Schools for this outfit.

This equipment consists of ten swings; four see-saws; 1 Two Giant- Swings, being Ford front axles; one heavy-20-pound bar and a set of traps.

County Fair.

Altho the rain actually spoiled our crowd at the fair this year, and no ~~and~~ club exhibits arrived, yet we had one fine feature; The Community Exhibits. The County Agent assisted in getting committees of ladies in each community to help put this feature in our Fair in a ~~community~~ ~~style~~ fashion this year.

The work and cooperation covered the fair, and 11 Communities were splendidly represented. In this were three communities that had never sent a single exhibit to the county fair before.

It was a real progressive step to get these folks interested.

Conclusion.

In this report it is attempted to give a fair picture of things here. It must be remembered that, in opportunity of accomplishments, and things said, demonstration work here cannot be compared with the better counties of this state since this county had a real ~~county~~ ~~agent~~ ~~the~~ ~~lowest~~ ~~last~~ ~~year~~ of the one hundred counties of the state, and demonstration work has just been only a few years.

It's a stout pull, but we'll pull it.

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and night agent, reporting on their respective lines of work.

State Virginia County Alleghany
Report of Edwin Styer County County Agent
From Dec 1st 1928 to Dec 1st, 1929.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

READ DEFINITIONS, PAGES 3 AND 4
COUNTY AGENT ANNUAL REPORT.

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, home and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made. One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. The report to the Washington office should be sent through the State extension office.

NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, factual, and where possible, substantiated with sample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, lines, tables, or copies of charts and other forms used in demonstrative work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double spaces between the paragraphs, and reasonably good margins left. The pages should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

1. Count and title page.
2. Table of contents.
3. Nature of county extension organization.
 - (1) Form of organization—change and development.
 - (2) Position of local people, committees, or project leaders in developing the program of work.
 - (3) General policies, including relationships to other organizations.
4. Program of work, goals established, methods employed, and results achieved.
 - (1) Factors established and methods used in determining program of work.
 - (a) Needs.
 - (b) Farm crops.
 - (c) Horticulture.
 - (d) Home gardens.
 - (e) Diversification of farm products.
 (Including diseases and insects.)
 - (2) Project activities and results.
 - (a) Soil.
 - (b) Animal husbandry.
 - (c) Dairy husbandry.
 - (d) Poultry husbandry.
 - (e) Home projects.
 (Including diseases and insects.)

5

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

18. Progress of work, etc.—Continued.

(C) Project activities and results—Continued.

- (a) Agricultural engineering.
- (b) Agricultural engineering—house.
- (c) Agricultural extension, including farm management and marketing.
- (d) Home mechanics.
- (e) Poultry.
- (f) Nutrition.
- (g) Clothing.
- (h) Home management.
- (i) Home furnishings.
- (j) Home health and sanitation.
- (k) Community activities.
- (l) Miscellaneous.

- 19. Outlook and recommendations, including suggestive program of work for next year.
- 20. Summary of activities and accomplishments, preferably of not or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A summary of work is a definitely outlined plan for extension work.
2. A summary is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. Miscellaneous work includes work which has not yet become a regular part of the program of work—work other than project work.
4. Activities, for the purpose of this report, may be any one of the several steps into which the county is divided for purposes of conducting organized extension work.
5. A leader includes any person known to a program, selected because of his or her special interest and knowl- edge, who functions as a leader in advancing some phase of the local program of extension work.
6. Administrative is an activity designed to show the practical application of an established fact. Demarcations are contemplated in this report are of two kinds, method demarcations and result demarcations.
 - a. Method demarcations is a demarcation given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a particular procedure. Examples: Lecture demonstration, Extension demonstration of raising, sorting of eggs, marketing, and selling of poultry.
 - b. Result demarcations is a demarcation carried on by a farmer, farm woman, boy, or girl, under the direct supervision of the extension worker, and based on the carrying out of a demonstrated project. Such a demarcation includes a substantial portion of plan, method, result, and maintenance, and is designed to teach others to duplicate by the process conducting the demonstration. It should not be confused with the adoption of a farm or home practice resulting from a demonstration or other learning activity, but which is not controlled by the extension worker as a project of teaching. Examples: Demonstrating that the application of fertilizer on cotton will result in more profitable yields; the knowledge of certain children can be conveyed through picture study or that the use of enriched soil is giving potatoes in a good harvest.
7. A demonstration is a lecture, farm woman, boy, or girl who, under the direction of the extension worker, conducts a result demonstration.
8. Miscellaneous activities should include those who have satisfactorily finished the work assigned for the current year.
9. A demonstration woman is a woman able to give a method demonstration or to give support, or further a result demonstration.
10. A summary is a listing of what project leaders or local leaders are asked to carry on extension activities in their respective communities.
11. Advisory means the individual calls to a call or call by a farmer or other person seeking help, based on former knowledge, as a result of which some definite extension or information is given.
12. A visit is a call of a farm by the agent at which some definite information is given of extension plan of work or other definite information obtained from the farmer regarding his work, or the better practice presented to him.
13. A group is a call of a farm by the agent at which some definite information is given of extension plan of work or other definite information obtained from the farm person regarding his work, or the better practice presented to him.
14. Work is an activity which takes place on the county level or in office, or agency or other institutions, and any other work directly related to other subdivisions.
15. Work on farms should include all work done on official duty other than that done on farms.
16. Extension program should include all single projects or official projects.

SCHEDULES—Continued.

8. Number of justice teams visited	(a) Judging	0
	(b) Demonstration	6
9. Number entering college this year who last year have been club members		71
11. Total number of forms clubs' made in producing extension work		1879
12. Number of different forms visited		942
13. Total number of homes' visits made in producing extension work		
14. Number of different homes visited		
15. Number of calls' relating to extension work	(a) Office	53
	(b) Telephone	223
16. Number of days agents spent in office		56
17. Number of days agents spent in field		263
17a. Number of news articles prepared for press'		31
18. Number of leaflets' letters written		172
18a. Number of leaflets distributed		237
19. Number of fairs at which extension exhibits were made	(a) Community	
	(b) County	1
20. Training meetings held for local leaders	(a) Justice work	(1) Number
		(2) Leaders in attendance
	(b) Adult work	(1) Number
		(2) Leaders in attendance
21. Method and month demonstration meetings' held (do not include meetings reported in number 20)	(a) Number	61
	(b) Attendance	536
22. Farmers' institutes held	(a) Number	0
	(b) Number of sessions	0
	(c) Attendance	0
23. Extension schools' and short courses held	(a) Number	0
	(b) Attendance	0
24. Demonstrations held	(a) Justice	(1) Number
		(2) Attendance by club members
	(b) Farm visits	(1) Number
		(2) Attendance by club members
		(3) Total attendance
25. Other extension meetings' attended and not previously reported	(a) Number	31
	(b) Attendance	918
26. Number of meetings at which were shown	(a) Extension films	0
	(b) Motion pictures	5
	(c) Others	5

7
FARM DEMONSTRATION WORK.

SOILS¹

Report only this year's extension activities and results that are supported by receipts.

23. Number of soil demonstrations given. (See definition 4, page 1.)	125	00
24. Number of soil demonstrations staged or under way. (See definition 4, page 1.)	74	00
25. Number of soil demonstrations completed or carried through the year.	32	00
26. Number of acres involved in these completed demonstrations.	470	00
27. Number of farms adopting improved practices in the use of commercial fertilizers this year.	37	00
28. Tons involved in spreading fertilizer.	161	00
29. Number of farms taking better care of farm manures this year.	17	00
30. Number of farms using lime or limestone for the first time.	14	00
31. Tons of lime or limestone so used.	78	00
32. Number of farms plowing under cover or other green manure crops for the first time.	9	00
33. Acres of cover and green manure crops so plowed under.	37	00
34. Number of farms adopting other improved soil practices this year. (Specify below.)	37	00
35. Total number of different farms adopting improved practices, relative to the soils work reported on this page. (Check the questions 23, 24, 25, 26, 27, and 34) See definitions.)	89	00

Other improved soil practices (see) are better crop rotations being established and more use of better cover.
Our soil improvement program was seriously hindered this year by partial crop failures (not good) which reduced the amount spent for lime and fertilizer.

CEREALS

Report only this year's extension activities and results that are supported by records.

Item	1936		1937		1938		Total
	Acres	Yield	Acres	Yield	Acres	Yield	
81. Number of field demonstrations given	33	27	13	18			68
82. Number of field yield demonstrations made in field way	22	17	9	14			62
83. Number of field yield demonstrations completed or carried through the year	17	15	7	13			52
84. Acres harvested in these completed demonstrations	346	129	34	77			556
85. Increased yield per acre on demonstrations	8 1/2 bu.	2 1/2 bu.	4 bu.	2 bu.			13 1/2 bu.
86. Number of bushels of grain							
87. Number of bushels harvested	(1) Buys	5					5
	(2) Cobs	0					0
88. Number of bushels sold	(1) Buys	3					3
	(2) Cobs	0					0
89. Number of acres grown by junior high students	7						7
90. Total yield of grain grown by junior high students	760 bu.						760 bu.
91. Number of farms showing improved soil	6	5	1	9			21
92. Number of farms practicing soil conservation	2						2
93. Number of farms planting and growing corn for the first time		14	3				17
94. Number of farms adopting other new crops for the first time	11	3	1	4			19
95. Total number of different farms adopting improved practices mentioned in items 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000							

P. P. Wright made the last yield, and more is being done. Much more yellow corn is being grown.

U.S. DEPARTMENT OF AGRICULTURE, BUREAU OF EXTENSION SERVICES, NATIONAL EXTENSION SERVICE, WASHINGTON, D. C.

LEGUMES AND FORAGE CROPS

Report only this year's extensive activities and results that are reported by records.

Item	1917		1918		1919		1920		1921	
	Acres	Yield	Acres	Yield	Acres	Yield	Acres	Yield	Acres	Yield
71. Number of method demonstrations given	27		42		54		8		12	
72. Number of adult result demonstrations started or under way	14		16		42		5		11	
73. Number of adult result demonstrations completed or worked through the year	12		11		34		4		8	
74. Acres involved in these completed demonstrations	42		120		48		38		39	
75. Estimated yield per acre in demonstration	1/2	bu.	5	bu.	15	bu.	1/2	bu.	1/2	bu.
76. Number of Jersey stags										
77. Number of pensheds recorded	(1) Boys									
	(2) Girls									
78. Number of members participating	(1) Boys									
	(2) Girls									
79. Number of acres given by Jersey stags										
80. Total yield of crops given by Jersey stags		bu.		bu.		bu.		bu.		bu.
81. Number of Jersey stags improved and for the first time	3									
82. Number of Jersey stags showing good selection for the first time	15		12		9		2		4	
83. Number of Jersey stags breeding for the first time	4		5		3		1		2	
84. Number of Jersey stags showing other improvement for the first time (Specify nature)	17		15		36		6		8	
85. Total number of different Jersey stags improved or otherwise selected for the first time and Jersey stags reported as improved or otherwise selected for the first time (Specify number of stags, and any other details)	17		15		36		5		8	

Five Jersey stags are in spring and handling the hay.

LEGUMES AND FORAGE CROPS—Continued

Report only this year's activities and results that are supported by records.

There are no page Landmarks from the report
 prepared by the 1900-1901
 looking at the low quality of the
 with few records here
 should be 12 full and are repeated
 wherever there are in several places and
 in order to support of County Agent.

AGRICULTURAL ENGINEERING

Report only this year's activities and results that are supported by records.

167. Number of method demonstrations given		52	167
168. Number of small demonstrations started or under way		11	168
169. Number of small demonstrations completed or started through the year		8	169
170. Number of farms installing drainage systems this year	(a) Open ditches (b) Under drains	0 0	170
171. Acres drained by	(a) Open ditches (b) Under drains	260 0	171
172. Number of farms installing irrigation systems this year		0	172
173. Acres irrigated		0	173
174. Number of farms controlling erosion this year by	(a) Terrace (b) Retaining ditches	0 0	174
175. Acres on which soil erosion was or prevented by	(a) Terrace (b) Retaining ditches	42 0	175
176. Number of dwellings constructed this year according to plans furnished		2	176
177. Number of dwellings renovated this year according to plans furnished		2	177
178. Number of sewage-disposal systems installed this year according to plans furnished		2	178
179. Number of water systems installed this year according to plans furnished		2	179
180. Number of heating systems installed this year according to plans furnished		0	180
181. Number of lighting systems installed this year according to plans furnished		2	181
181A. Number of farms following suggestions on maintenance and repair of machinery		14	181A
181B. Number of farms employing better types of machinery recommended by extension agent		22	181B
182. Number of machines involved in questions 181C	(a) Cultivators (b) Plows (c) Tractors and gas engines (d) Mowers (e) Harvesters and binders (f) Other	7 9 4 6 1 1	182
183. Number of farms on which buildings other than dwellings were constructed or renovated this year according to plans furnished		18	183
184. Number of buildings involved in questions 183	(a) Barn (b) Hog houses (c) Poultry houses (d) Other	2 4 5 1	184
185. Number of farms showing head of sheep or hogs this year		2	185
186. Acres of land so shown		2	186
187. Number of farms adopting other improved practices for the first time. (Specify when)		21	187
188. Total number of different farms adopting improved practices relative to the questions 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000		53	188

For information of the Bureau, the following is a list of the names of the persons who have been considered for the position of Chief Engineer of the Bureau of Agricultural Engineering, U.S. Department of Agriculture, Washington, D.C.

John H. Boardman, George H. Boardman, and

with the following names:

AGRICULTURAL ECONOMICS

Report only this year's activities and results that are supported by records.

FARM MANAGEMENT

127. Number of method demonstrations given	_____	12	127
128. Number of farm-amount books distributed this year	_____	2	128
129. Number of farmers keeping records for each amount book throughout the year	_____	1	129
130. Number of farmers assisted in summarizing and interpreting their accounts	_____	1	130
131. Number of farmers making changes in their business as result of keeping accounts	_____	1	131
132. Number of other farmers adopting cropping, livestock, or complete farming systems this year according to recommendations	_____	12	132
133. Number of other farm-management jobs ¹	_____	0	133
134. Number of members enrolled	(a) boys	_____	134
	(b) girls	_____	
135. Number of members completing	(a) boys	_____	135
	(b) girls	_____	
136. Number of farmers advised relative to loans this year	_____	2	136
137. Number of farm-management and farm-amount records held this year	_____	2	137
138. Number of farmers assisted in keeping year-of-production records this year	_____	2	138
139. Number of farms adopting other improved farm-management practices this year	_____	23	139
140. Total number of different farms adopting improved practices relative to the farm-management work reported on this page. (Include questions 129, 130, 131, 132, 134, 135, 136, and 138 in this question.)	_____	41	140

FINANCE

141. Number of farm loans or other credits secured this year with emphasis of operating services	_____	141
142. Membership in other associations	_____	142
143. Number of other farmers assisted in obtaining credit	_____	143

MARKETING

144. Number of method demonstrations given	_____	144
145. List below the progressive-marketing activities reported during this year upon application or with consent of the association officer.	_____	145
