Hi Inna,

The images are public, so yes, you may use them. Answers (or more accurately, guesses to answers) below in CAPS.

Also, by way of this email please meet Becca O'Brien. If you have any further questions please direct them towards her as I am migrating off of this project.

Best,  
Meredith

Hi Meredith,

Thank you so much for pointing me to these sources. They have been very helpful. I would like to confirm that I can use images of these handouts in my thesis paper. Please let me know.

I'd also like to ask you some more questions about the personnel rather than the process itself that would be helpful for my research and design:

How many employees work at the facility? I BELIEVE ~10

How many are on site at one time/per shift? I'M NOT SURE, SORRY.

Are there lockers/showers for these employees? I BELIEVE SO.

How many require office space? I'D GUESS ~2: THE SITE MANAGER AND THE LAB TECH.
