Dear OSA staff,

This is Ruibo, a graduate student in Virginia Tech. For my graduation thesis, I cited several papers of OSA publications. I would like to request the copyright permission for my graduation thesis. I sent an email last Friday but haven't got a reply yet. The deadline to submit the thesis is coming so that I send this email again.

Complete citation list:

- (1) Figure 2 in the journal paper: "High-resolution quantitative phase-contrast microscopy by digital holography," *Optics Express* **13**(22), 8693-8698 (2005)
- (2) Figure 1 in the journal paper: "Diffraction phase microscopy with white light," *Opt. Lett.*, **37**(6), 1094-1096 (2012)
- (3) I also publish a journal paper in OSA publications and I am the first author. I cited Figure 1, Figure 2, Figure 3 and some word contents. My published paper is: "Spectral modulation interferometry for quantitative phase imaging," *Biomedical Optics Express* **6**(2), 473-479 (2015)

A clear explanation of the intended use of the item:

I am going to graduate with a Master of Science degree. I cited the above items in my Master thesis.
