3. Status of County Extension and Organization:

(Organizations supporting home demonstration work not organized by the agent are the board of supervisors composed of four men elected by the people, one coming from each of the four districts in Henrico County, and the school board which is appointed.

The adult work is supported by an advisory board composed of the leading women in the county. The Junior work is supported by an officer's council composed of the presidents and the secretaries of the 4-H Clubs. Where the club is large enough for two divisions it is entitled to four representatives. A leaders' council which is composed of a leading woman from each school community in which I have worked.

There are eleven organized 4-H community clubs consisting of members who are from ten to twenty-one years of age.

It has been my policy to meet my home demonstration clubs once a month, my advisory board every three months and my 4-H clubs either once or twice a month according to the projects carried. I send the county superintendent a copy of my weekly report and the supervisors' copy of my monthly report. I have been called upon by a number of community leagues and church organizations for suggestions and ideas for recreational meetings and raising money. I always try to help them.

4. Personal Report:

The first week in January I spent in Blacksburg attending the annual agents' meeting. The next five taking a short course for agents at V. P. I. From the 15th of February to May 15th was spent completing the work with the clothing and cooking clubs, organizing garden and poultry clubs and starting a garden contest with the members of one 4-H community club. Meeting the home demonstration clubs and planning and starting a yard improvement campaign, closing a poultry improvement campaign, working on raising money for Camp Jannetown and improving the county fair grounds. Working up a better home week program.

In the spring I held a County Federation of Home Demonstration Clubs and a 4-H Club rally, closed my winter clubs on time, and started off my summer projects of canning, bread, and room improvement.

During the summer I met my clubs as regularly as I could, worked up a good attendance for the district short course, state short course, Homemakers' Association, and adult camp. Had five home demonstration club booth exhibits at the county fair. Had exhibits at county fair - cooking long, clothing exhibit consisted of the three best articles from each entry at the community exhibits which were held in the evenings on Child Health Day. Some canning and room improvement, poultry, gardens. I had eight women and four girls assist in the activity booths at the county fair. Fifteen women contributed articles used in the booths. I judged at three county fairs and eight agents were associated with me with projects they were not familiar with. Two women have gone into other counties to assist the agent.

4

held a fall federation of home demonstration clubs, held three all day planting days, one at the county fair grounds, one at Camp Jamestown and one at an old historical country church. Have organized two new home demonstration clubs. Have raised over a hundred dollars for improvements at the 4-H Club Camp.

2. program of Work:

The Advisory Board meets every three months to hear of the progress made in the last three months and to plan for the carrying on of the plans already made. It has nineteen members, some of these I inherited, some have been appointed by me and then given certificates by Blacksburg, the president of each club becomes a member for her term of office. The board meets four times a year.

Last spring the advisory board decided to put on a landscape improvement campaign. Each member took a quantity of enrollment cards to enroll as many homes as possible in the campaign. These cards were returned to me by the women. A hundred and fifty women entered their yards. The advisory board secured the help of Mr. Allen Reed, landscape instructor at V. P. I. to give a leaders' institute training course. Mr Reed came and in spite of the heavy snow of the winter the advisory board turned out well. The board took over the job of improving the County fair grounds. To do this correctly they had Mr. Reed draw up plans and have held two planting days, to put out trees, shrubs, and plants. It had all the buildings painted which made a wonderful improvement. It has sponsored the cleaning of an old cemetery, planting shrubs and plants at the 4-H Club Camp Jamestown and improving and beautifying the grounds of an old historical church. Besides this big project the board planned and carried out a week's observance of Better Homes Week, and made plans for both meetings of the Federation of Home Demonstration Clubs.

Four groups of women took up the study of foods. Seventy-eight women participated in the meeting. The units studied was fishes for Social Occasions. This unit increased the attendance and gave the mothers new recipes with which to make the school lunch not more attractive. Six groups of Juniors took food work, baking bread, canning, and cooking. Judging from the reports that I collected at the close of the year this work must have been an incentive to encourage the children to help their mothers with the work.

Two groups of women studied clothing with seventy-four women enrolled. The units studied were attractive dress finishes and use of the attachments. The women studying these units were mostly mothers with young children and were greatly helped in making more attractive garments. One home demonstration club had two members who are especially talented in attractive dress finishes. I took these women with me to the club meetings and they gave most attractive demonstrations.

Home Furnishings.

This project has centered around chair seating and upholstering. It has been interesting to see the antiques come out of the attic, the bag, imitation leather, and what not bottoms come out of the chairs and attractive correct bottoms put in. One woman has put cane seats and backs in a whole set of dining room chairs. Another woman has upholstered her entire living room set. Forty-six girls entered the room improvement club. Several of these rooms were marvelously improved. One girl had her room plastered, the floor painted, her draperies re-modeled, and her furniture waxed. She became so enthused that she took another room and made it into an attractive sewing room and made curtains and other linens for another room.

Home Gardens.

Seventeen boys and one girl entered the garden club project. All of them had some kind of a garden, most of them very good ones as a prize was offered for the best garden which was a trip to Camp Jamestown next summer. One boy in the club has been lead to believe that he must earn the money to send himself to college if he wants to go. This summer when the vegetable specialist and I went to score his garden he was too busy killing the bean beetle to stop and talk to us. His mother was anxious for him to go to the district camp and when we talked to him he said, "I would like to go, but if I am afraid the bean beetle would eat up my garden while I am gone." He went and I do not believe his garden was injured by his absence as he had the best fall vegetable garden and wins the trip to camp next summer.

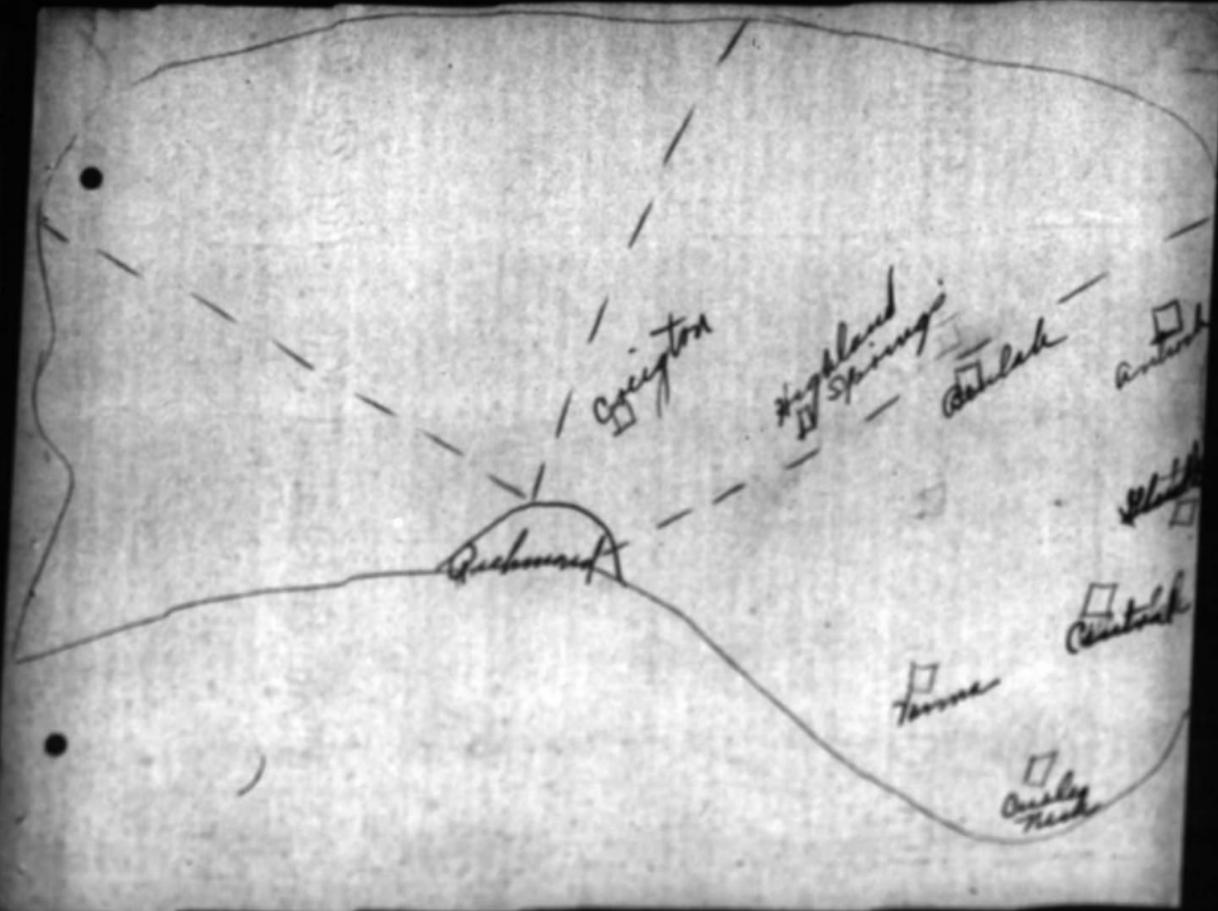

The women enrolled are for yard beautification. One club put on a yard improvement contest which enrolled every home in the community and two prizes were given, one of \$10.00 and one of \$5.00 for the best lawn.

Home Poultry.

Twelve women enrolled last year in a poultry improvement campaign which closed this past month. Two of the members built new houses, three remodeled their houses, and one added a new brooder coop and was delighted with the help received. Some poultry work was done with Juniors but this was mostly in the large consolidated schools. Owing to the fact that the members were so scattered in the summer and I was away so much I consider this work very unsatisfactory.

Miscellaneous.

I have associated fourteen groups of women with basketry, two with rugs, and two with painting porch pillows. The women in this country have found ready sale for their basketry. One woman has cleared \$150.00 from basket sales this year and fourteen others are making fair incomes. One woman stated that the home demonstration clubs had made a great good in supplying her an outlet for her creative instinct. She has gone ahead and made many beautiful and useful articles.

6

Community Activities:

Last spring a recreation meeting was held here in Richmond. I had five leaders to attend. This work has been used at a number of community meetings, church socials, and regular club meetings.

Home Demonstration Clubs:

There are eight home demonstration clubs in the county: Highland Springs - 20, Glendale - 12, Reulah & 20, Antioch - 5, Creighton - 15, Charles Neck - 20, Varina - 40, Central - 15. All but Antioch and Central and Highland Springs have held twelve meetings. Central, one, Highland Springs - seven, and Antioch - six. Antioch has been dropped because of small membership. Central and Highland Springs are new clubs.

Camps and Short Courses:

An adult camp was held at Camp Jamestown for the women and men. Fifty-five attended from this county. Eight women attend the State Homemakers' Association held in Blacksburg. The home demonstration clubs have held two federation meetings with large attendance at each. One in the spring and one in the fall. Good programs were put on and using the talent within the club and also special talent.

County-Wide Pieces of Work:

The first piece of county-wide work was the landscape improvement campaign. Each home demonstration club devoted four meetings to the study of landscape work. An open public demonstration of the improvements of the county fair grounds was undertaken. The buildings were all painted, some trees, shrubs, and plants were set out. One church yard improved, and one cemetery. The county has joined in raising money to lift the debt from Camp Jamestown.

(2) Girls Work.

Club Council.

A 48 Club Council was organized to help with the work. It was composed of the club secretaries and presidents. Where the club was large enough for two divisions for representatives were allowed.

Its program of work was to assist with the enrollment of members and the collection of reports. Its work in enrolling members was very helpful.

Projects-

Foods:

I had forty-six girls enrolled with forty two completing the work. There were six groups. At the close of the year each cooking group served a meal to its teachers and what parents could come.

Clothing-

Seventy-five girls were enrolled in five groups for clothing. Most of these did the undergarment unit. At the close of the year a school or community exhibit was held and the three best garments in each entry were collected and held over for the county fair. The mothers who saw the exhibit were surprised at the quantity of work done by the children.

Gardens-

Eighteen members were enrolled in garden club work. All had some kind of a garden, most of them satisfactory. These were in two groups. One boy was so interested in his garden because he has been led to believe he must earn enough money for college if he wants to go that he was to busy killing Dead Beedles to stop and talk to the Vegetable Specialists and me when we called. When we talked to him about going to the district short course he said he could not because the beedle might get his garden, but he went and I do not believe his garden suffered much.

Poultry-

Owing to me being away when the club members should have been getting their work started and the poultry work being in the clubs of highly consolidated schools I feel the work was a failure. However several members did good work. One boy is trying to make his way to college with his flock. He buys baby chicks and keeps them only as long as they are profitable.

Room Improvement-

After my sewing and cooking work with the Juniors I believe my Room Improvement work was next best. I had three groups with 46 girls enrolled. 41 girls completed the work. One girl became so enthused she not only did over her bed room plastering the walls painting the floors and making over her draperies but she also fixed up a sewing room and made draperies and linens for other rooms.

Community Clubs.

There are 11 in the county
Central 8, Glendale 7, Glen Allen 18, Glen Echo 15, Montrose 30,
Glen Lee 29, Sandston 10, Laurel 11 Short Pump 19, Varina 26
Dumbarton 30

County Fairly:

Last Spring the clubs joined in a big picninc or rally at one of the city parks. The club members put on a good program after which a picnic lunch was enjoyed. After this the whole group went to Maymont one of the leading show places of the city. Most of the members had never been there. About 150 people attended.

Short Courses-

When Camp Jamestown came into being I gave up having a county short course and take my members there. This year fifteen girls and five boys attended. I had charge of the hand work.
District Short Course 20 State Short Course 15.

Fairs-

Community -- Each clothing club held a community fair along with the Child Health Day. At this time the best three articles of each entry was selected and held for the new county fair.

County Fair-

The county fair was held before school opened and the exhibits were ones collected before school closed last spring 20 in all, for the Juniors. The women put up five booth exhibits which were exceedingly good. They were educational and showed the work done in the club this year.

State Fair-

The women and girls were lovely in their willingness to help with the activity booths at the State fair. Eight women and four girls worked there and listing in the activity booths, I assisted out there all week.

Goals	Accomplishments
Observe Better Homes Week :	Had a week of special meeting on subject of Better Homes.
Hold Landscape Improvement Campaign	Campaign launched with 150 members
Improve County Fair Grounds:	Buildings painted, trees ,shrubbs and plants planted. Debt raised.
Remove our debt on Camp Jamestown	
Organize two new H.D.Clubs	Two organized
Have 5 standard C.I.S.P.S	Will have 5 standard clubs
Hold 4-H Club Rally	Held Rally
Hold 2 meetings of the Federation of H.D.Clubs	Held 2 meetings
Have 11 4-H Community Club	Organized 11
Have 5 H.D.Booths at Co.Fair:	Had 5 Booths, all sealed and attractive
Have representatives at State Homemakers Association:	Had
Have delegates attend State short Courses	Had 9
Have delegates at District Short Courses	Had twenty
Large number exhibits at County Fair	Had good number

Summary of Year's Work

I have had junior work in 11 schools or clubs taking Food, canning, Bread, Room Improvement, Garden, Poultry and clothing. I consider the work in truly rural communities as being very successful. That in small villages and large consolidated schools as only fair.

I have worked with 8 home demonstration clubs and feel they have done an amazing amount of work especially in the work for Camp Jamestown and the Landscape campaign, and on the various community projects undertaken by the clubs.

I have been called on by eight home demonstration agents to help them with work they were not familiar with and have been called into two counties by women who were working trying to get up appropriations for the work in their counties.

In 1950 I hope to keep all seven home demonstration clubs going and doing better than ever. I expect the work with both Juniors and women will be good. I hope to carry the landscape work to a success-
ful finish.

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

U. S. Department of Agriculture
Bureau of Agricultural Economics

Bureau of Home Demonstration Work
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, child agent, and negro agent, reporting on their respective lines of work.

State Virginia County Henrico
Report of Virginia Agents County West Elementary School
From December 1, 1928 to November 30, 1929.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should mail out this report before quitting the service.

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. The report to the Washington office should be sent through the State extension office.

NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subdivisions, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, direct, and, where possible, correlated with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, line prints, or copies of charts and other forms used in demonstrating work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The page should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

1. Cover and title page.
2. Table of contents.
3. Status of county extension organization.
4. Status of cooperative organizations and development.
 - (1) Status of organization—changes and development.
 - (2) Function of local groups, committees, or project leaders in developing the programs of work.
 - (3) General policies, facilities, relationships to other organizations.
5. Progress of work, goals established, methods adopted, and results achieved.
 - (1) Factors considered and methods used in determining program of work.
 - (2) Project activities and results.

(a) Soil (b) Farm crop (c) Horticulture (d) Home gardens (e) Household economics (f) Animal husbandry (g) Other industries (h) Other State (i) County headquarters (j) Other projects	[Indicated sources and details].

- (10) Community activities.
- (11) Miscellaneous.

V. Outlook and recommendations, including suggestive progress of work for next year.

VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITION OF TERMS USED IN THIS REPORT.

1. A resource or body of a definitely outlined plan for carrying out many phases of the extension program of work, providing for what is to be done, how and when, where, how, and by whom.
2. A resource or body of a definite plan of the local progress of life or her official interest and those, who function as a leader in advancing some phase of the local progress of extension work.
3. A representative is one report out of two, made to the supervisor of his established unit. (Supervisors are compensated for their services.)
4. A resource committee is a representative group for extension work and other local needs for a group for the purpose of planning, doing, or carrying out extension work.
5. A local committee is a representative group for extension work and other local needs for a group for the purpose of planning, doing, or carrying out extension work.
6. A local extension agent is a representative group for extension work and other local needs for a group for the purpose of planning, doing, or carrying out extension work.
7. A community service is a representative group for extension work and other local needs for a group for the purpose of planning, doing, or carrying out extension work.
8. Minimum compensation should include those who have officially headed the work outlined for the current year.
9. Maximum compensation is a meeting held to give a formal determination on the merit, fitness, or worthiness of each extension agent.
10. A resource committee is a committee at which project leaders or local leaders are present to carry on extension activities in their communities.
11. An extension agent is a person who is a leader in a local unit by a former or other person giving appointment, or by some other authority, as a result of which more definite authority or functions are given.
12. A home agent is a man or a woman whose chief duty is to direct or supervise other agents of work, and/or to act as a leader in his community.
13. A home agent is a man or a woman whose chief duty is to direct or supervise other agents of work, and/or to act as a leader in his community.
14. A home agent is a man or a woman whose chief duty is to direct or supervise other agents of work, and/or to act as a leader in his community.
15. Doing an unclassified budgeted report for the county agent in his office, or county agent's measurement, and any other way directly related to other offices.
16. State or county agent should suffice for single terms as office business.
17. County extension agents should suffice for single terms as office business.

DEPARTMENT OF THIRTY DAYS IN THE RIVER—Continued.

17. A **farmers' committee** is one of a series of groups of men in **ten day's** duration, arranged by a central State Board, which agricultural and business problems are discussed, usually by notable speakers employed for the purpose.

18. An **extension service committee** is an **efficient** school used **ten days to six days'** duration where practical but systematic work is done in the college. It is **extensive** because courses often have an extension school in the state, or to some extent at the other educational institutions and usually for a longer period of time, but not covering two years.

19. **Extension** consists of definite information and is the money ^{spent} that will enable the agent to ready the data or extension work included in his report.

20. **FARM** OR **HOME PRACTICE** courses is a **series** of improved practices adopted as a farm or in a home during the year as a result of extension teaching. It may include **swelling of pasture** for disease, raising of fruits and vegetables, use of balanced rations, and hill making.

CENTRAL ACTIVE INDEX

NUTRITION.

(Report only this year's continuing activities and results that are supported by funds.)

240. Number of perfect diets or growths¹. _____ Women _____ 240
 Juniors _____ 240
241. Number of mothers involved in nutrition _____ Women _____ 241
 Girls _____ 241
 Boys _____ 241
242. Number of mothers hospitalized _____ Women _____ 242
 Girls _____ 242
 Boys _____ 242
243. Number of medical demonstrations given. _____ 243
244. Number of health demonstrations started or under way _____ Women _____ 244
 Girls _____ 244
 Boys _____ 244
245. Number of health demonstrations completed or carried through the year _____ Women _____ 245
 Girls _____ 245
 Boys _____ 245
246. Number of individuals indicating totally meals submitted to approved methods for the first time _____ Women _____ 246
 Girls _____ 246
 Boys _____ 246
247. Number of individuals preparing better school lunches for the first time _____ Women _____ 247
 Girls _____ 247
 Boys _____ 247
248. Number of schools induced to serve a hot dish or salad lunch for the first time _____ 248
249. Number of children involved in preschool programs _____ 249
250. Number of homes practicing one important practice in child feeding for the first time _____ 250
251. Number of children involved in preschool programs _____ 251
252. Total number of different homes practicing important practices relative to the concepts taught reported on this year _____ 252

[For space below or inside each important data relating to category.]

CLOTHING.

Report only this year's extension activities and results that are supported by funds.

102. Number of project clubs or groups	(1) Women	202
103. Number of members enrolled in clothing work	(2) Juniors	102
104. Number of members enrolling	(3) Women	202
105. Number of youth demonstration group	(4) Girls	202
106. Number of youth demonstrations started or under way	(5) Boys	202
107. Number of result demonstrations organized or carried through the year	(6) Women	202
108. Number of individuals adopting improved practices in selection and construction	(7) Girls	202
109. Number of individuals adopting improved practices in reservation and reselling	(8) Boys	202
110. Number of individuals adopting improved practices in military	(9) Women	202
111. Number of individuals adopting improved practices in costume designing	(10) Girls	202
112. Number of individuals adopting improved practices in inland worldwide planning	(11) Boys	202
113. Number of individuals adopting improved practices in children's worldwide planning	(12) Women	202
114. Number of individuals adopting improved practices in adult worldwide planning	(13) Girls	202
115. Total number of different towns adopting improved practices relative to the clothing work reported on this page	(14) Boys	202
116. Number of dress forms made this year by	(15) Women	202
117. Number of dress forms made this year by	(16) Girls	202
118. Number of garments made this year by	(17) Women	202
119. Number of garments made this year by	(18) Girls	202

[Leave space below to include other important data relating to clothing.]

The women's club took up their finis
and the use of attachment. I have
recent number of former units among
their finis.

BASIC INFORMATION.

Report of this year's extension activities and results that are reported by month.

221. Number of project staff or groups _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
222. Number of members enrolled in home management _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
223. Number of members enrolling _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
224. Number of months demonstration given _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
225. Number of months demonstration started or under way _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
226. Number of months demonstration completed or ended through the year _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
227. Number of individuals following a systematicized plan of household work for the first time _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
228. Number of houses obtaining additional labor-saving equipment this year _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
229. Number of kitchens yourself and maintained for demonstration this year _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
230. Number of individuals adopting improved laundry practices for the first time _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
231. Number of individuals adopting laundry and laundry services for the first time _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
232. Total number of different types adopting improved practices or practice in the home management work reported on this year _____ [1] Women _____ [2] Girls _____ [3] Boys _____ [4] New
233. List below the number of labor-saving appliances described in question 221.
 (a) Wind washing machine _____ (b) Clothes mangle _____
 (c) Power washing machine _____ (d) Clothes or garment iron _____
 (e) Electric iron _____ (f) Clothes rack _____
 (g) Kitchen scale _____ (h) Electric refrigerator _____
 (i) Power vacuum cleaner _____ (j) Other _____
- [Leave space for five to indicate other important aids relating to home management.]

TECHNIQUE PRACTICED.

Report only this year's new or improved techniques that are supported by research.

203. Number of project clubs or groups? _____
- | | | |
|------------------------------------|-------|-------|
| <input type="checkbox"/> No women | _____ | _____ |
| <input type="checkbox"/> Yes women | _____ | _____ |
204. Number of members enrolled in lesson formations _____
