Hello Ms. Wallace,

I am finishing up my Masters thesis and would like to get your permission to include a couple of your photos from the SAFFiR demo in November 2014 and the DARPA Robotics Challenge this past June. I have attached the photos that I intend to use for your review.

If I may have your permission to allow the Virginia Tech Graduate School to reproduce these photos as part of my thesis, then please send me an email confirmation.

Thanks,  
James Burton

Hi James —

That would be absolutely fine. We ask that you credit the photos “Photo Courtesy Virginia Tech/Logan Wallace”

Do you have the size/resolution that you need for printing?

Best,

Logan Wallace

Thank you.

The versions I have should work for printing.

Regards,  
James Burton
