Dear Peter and Haoran,

Hope all is well with you. I have uploaded the edited version of my ETD on the graduate school website. Graduate school is looking for your permission on publishing the personal pictures we have on the SERS review paper from 2015. I have put that paper as an appendix in my ETD and it seems your permission is required. Your simple acceptance response to this email can be used as an approval as well.

Thanks,

Seyyed Mohammad Hossein Abtahi, Ph.D.

Hi Hossein,

I am totally fine with that. I hope all is well with you too.

Best,
Haoran
