

Thank you for your inquiry. As an original author of an ASCE journal article or proceedings paper, you are permitted to reuse your own content (including figures and tables) for another ASCE or non-ASCE publication, provided it does not account for more than 25% of the new work. This email serves as permission to reuse your works:

- Huang, Z., Ziotopoulou, K., Filz, G. M. (2019). "3D Numerical Limiting Case Analyses of Lateral Spreading in a Column-Supported Embankment." *ASCE Journal of Geotechnical and Geoenvironmental Engineering*, 145(11), 04019096, [https://doi.org/10.1061/\(ASCE\)GT.1943-5606.0002162](https://doi.org/10.1061/(ASCE)GT.1943-5606.0002162)
- Huang, Z., Ziotopoulou, K., Filz, G. M. (2018). "Numerical Predictions of Deformations in Geosynthetic-Reinforced Column-Supported Embankments: Validation of Manual Dissipation of Excess Pore Pressure Approach for Undrained and Drained Analyses." *IFCEE 2018: Innovations in Ground Improvement for Soils, Pavements, and Subgrades*, GSP 296, 327-336, <https://doi.org/10.1061/9780784481592.033>

A full credit line must be added to the material being reprinted. For reuse in non-ASCE publications, add the words "With permission from ASCE" to your source citation. For Intranet posting, add the following additional notice: "This material may be downloaded for personal use only. Any other use requires prior permission of the American Society of Civil Engineers. This material may be found at [URL/link of abstract in the ASCE Library or Civil Engineering Database]."

Each license is unique, covering only the terms and conditions specified in it. Even if you have obtained a license for certain ASCE copyrighted content, you will need to obtain another license if you plan to reuse that content outside the terms of the existing license. For example: If you already have a license to reuse a figure in a journal, you still need a new license to use the same figure in a magazine. You need a separate license for each edition.
