

Open access

All articles published by Frontiers are immediately and permanently accessible online free of charge and published under a Creative Commons [CC-BY license](#), which permits unrestricted use, distribution, and reproduction in any medium, provided the original authors and the source are credited. Open access publishing is, however, not free of costs and we operate a gold open access model with article processing charges for accepted papers. Our guiding principle is that any quality research paper is published while running a sustainable operation. [Read more about our fee policy.](#)
