

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

U. S. Department of Agriculture
and State Agricultural Colleges
Cooperating

Extension Service,
Office of Cooperative Extension Work,
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and negro agent, reporting on their respective lines of work.

State Virginia County Albemarle
 Report of T. S. Seal County County Agent Agent.
(Name) (Title)
 From Dec 15 1925 to Nov 30, 1926.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

FIRST CHECK	TRAFFIC
	MARK V. B. D

State or District Supervisor.

State Extension Director.

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. The report to the Washington office should be sent through the State extension office.

NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, forceful, and, where possible, reinforced with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, blue prints, or copies of charts and other forms used in demonstration work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The pages should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

- I. Cover and title page.
- II. Table of contents.
- III. Status of county extension organization.
 - (1) Form of organization—changes and development.
 - (2) Function of local people, committees, or project leaders in developing the program of work.
 - (3) General policies, including relationships to other organizations.
- IV. Program of work, goals established, methods employed, and results achieved.
 - (1) Factors considered and methods used in determining program of work.
 - (2) Project activities and results.

<ol style="list-style-type: none"> (a) Soils (b) Farm crops (c) Horticulture (c) Home gardens Beautification of home grounds (d) Forestry (e) Rodents, predatory animals, and birds. (f) Animal husbandry (g) Dairy husbandry Home dairy (A) Poultry husbandry Home poultry 	}	(including diseases and insects).
---	---	-----------------------------------

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

IV. Program of work, etc.—Continued.

(2) Project activities and results—Continued.

- (i) Rural engineering.
- (j) Rural engineering—home.
- (k) Agricultural economics, including farm management and marketing.
- (l) Home marketing.
- (m) Foods.
- (n) Nutrition.
- (o) Clothing.
- (p) Home management.
- (q) House furnishings.
- (r) Home health and sanitation.
- (s) Community activities.
- (t) Miscellaneous.

V. Outlook and recommendations, including suggestive program of work for next year.

VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for extension work.
2. A PROJECT is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. MISCELLANEOUS WORK includes work which has not yet become a regular part of the program of work—work other than project work.
4. A COMMUNITY, for the purposes of this report, may be any one of the several units into which the county is divided for purposes of conducting organized extension work.
5. A PROJECT LEADER OR LOCAL LEADER is a person, selected because of his or her special interest and fitness, who functions as a leader in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show the practical application of an established fact. Demonstrations as contemplated in this report are of two kinds, method demonstrations and result demonstrations.
 - A method demonstration is a demonstration given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a practice. Synonym: Lecture demonstration. Examples: Demonstrations of canning, mixing of spray materials, and culling of poultry.
 - A result demonstration is a demonstration carried on by a farmer, farm woman, boy, or girl under the direction of the extension service, involving a substantial period of time, records of results, and comparisons. Examples: Child-feeding, corn-culture, and orchard-management demonstrations.
7. A DEMONSTRATOR is a farmer, farm woman, boy, or girl who, under the direction of the extension service, conducts a result demonstration.
8. MEMBERS COMPLETING should include those who have satisfactorily finished the work outlined for the current year.
9. A DEMONSTRATION MEETING is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
10. A TRAINING MEETING is a meeting at which project leaders or local leaders are trained to carry on extension activities in their respective communities.
11. AN OFFICE CALL OR TELEPHONE CALL is a visit or call by a farmer or other person seeking agricultural or home economics information, as a result of which some definite assistance or information is given.
12. A FARM VISIT is a call at a farm by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farmer regarding his work, or the better practice prevailing in his neighborhood.
13. A HOME VISIT is a call at a home by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farm woman regarding her work, or the better practice prevailing in her neighborhood.
14. DAYS IN OFFICE should include time spent by the county agent in his office, as county agent conferences, and any other work directly related to office administration.
15. DAYS IN FIELD should include all days spent on official duty other than those spent in office.
16. LETTERS WRITTEN should include all single letters on official business.

DEFINITIONS OF TERMS USED IN THIS REPORT—Continued.

17. A **FARMERS' INSTITUTE** is one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
18. AN **EXTENSION OR MOVABLE SCHOOL** is an itinerant school usually of two to six days' duration where practical but systematic instruction is given to persons not resident at the college. AN **EXTENSION SHORT COURSE** differs from an extension school in that it is usually held at the college or other educational institution and usually for a longer period of time, but not exceeding two weeks.
19. **RECORDS** consist of definite information filed in the county office that will enable the agent to verify the data on extension work included in this report.
20. **FARM OR HOME PRACTICE ADOPTED** is a new or improved practice adopted on a farm or in a home during the year as a result of extension teaching. Examples: Spraying of potatoes for disease, canning of fruits and vegetables, use of balanced rations, and hat making.

GENERAL ACTIVITIES.

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report. 1

<i>H. D. Iuel</i>	<i>County Agent</i>	<i>12</i>	2
(Name)	(Title)	(Months of service this year)	
<i>F. E. Mansfield</i>	<i>Asst. County Agent</i>	<i>12</i>	
(Name)	(Title)	(Months of service this year)	

2. Number of communities in county where extension work should be conducted. 22 2
3. Number of above communities in which the extension program has been cooperatively worked out by extension agents and people concerned. 8 3
4. Number of voluntary county, community, or local leaders actively engaged in forwarding the extension program with— 4
- (a) Juniors 4
- (b) Adults 14
5. Number of clubs carrying on extension work: 5
- (a) Junior 4
- (b) Adult 4
6. Membership in above clubs: 6
- (a) Boys' 15 (c) Men 206
- (b) Girls' (d) Women
7. Number of club members completing: 7
- (a) Boys' 7 (c) Men 65
- (b) Girls' (d) Women
8. Number of members in junior club work for four or more years: 8
- (a) Boys
- (b) Girls

¹ Report the total number of different boys or girls enrolled in club work. This total should equal the sum of the project enrollments reported on page 8 to 21, less any duplications due to the same boy or girl carrying on two or more subject-matter lines of work.

² Exclude those boys and girls enrolled in club work as reported under 6(a) and 6(b) who have finished the work undertaken on each portion of 8 as it was planned to finish during the report year.

GENERAL ACTIVITIES—Continued.

9. Number of junior teams trained	(a) Judging _____	_____	} 9	
	(b) Demonstration _____	_____		
10. Number entering college this year who have been club members		5	10	
11. Total number of farm visits ¹ made in conducting extension work		20	11	
12. Number of different farms visited		20	12	
13. Total number of home ¹ visits made in conducting extension work			13	
14. Number of different homes visited			14	
15. Number of calls ² relating to extension work	(a) Office	1706	} 15	
	(b) Telephone	2763		
16. Number of days agent spent in office		124	16	
17. Number of days agent spent in field		475	17	
18. Number of individual letters written		2329	18	
19. Number of fairs at which extension exhibits were made	(a) Community		} 19	
	(b) County _____	1		
20. Training meetings ² held for local leaders	(a) Number		} 20	
	(b) Leaders in attendance			
21. Method and result demonstration meetings ² held (do not include meetings reported in number 20)	(a) Number	67	} 21	
	(b) Attendance	1593		
22. Farmers' institutes ² held	(a) Number		} 22	
	(b) Attendance			
23. Extension schools ² and short courses held	(a) Number		} 23	
	(b) Attendance			
24. Junior club encampments held:	(a) Number		} 24	
	(b) Attendance by club members	(1) Boys		
		(2) Girls		
(c) Total attendance				
25. Other extension meetings attended and not previously reported	(a) Number	68	} 25	
	(b) Attendance			
26. Number of meetings at which were shown	(a) Lantern slides		} 26	
	(b) Motion pictures			
	(c) Charts			

[Use space below to include other important data.]

¹ Do not count the same visit as both a farm visit and a home visit.
² See definition on page 2.

PROGRAM SUMMARY

List below information on each project of the program of work for the year. If an assistant agent has been employed during the year, include his or her time with that of the agent. This page should not be filled out until the questions on the following pages have been answered.

Title of project	Number of communities participating ¹	Number of local leaders assisting ²	Days expenditures budgeted	Days actual devoted to projects	
	(a)	(b)	(c)	(d)	
(Illustrative entry.) Poultry	6	7	3	14

² The individual entries in this column should not exceed entry for question 6, page 4.

FARM DEMONSTRATION WORK.

SOILS¹

Report only this year's extension activities and results that are supported by records.

45. Number of method demonstrations started. (See definition 6, page 3.)	628	45
46. Number of result demonstrations started or under way. (See definition 6, page 3.)	1141	46
47. Number of result demonstrations completed or carried through the year.	871	47
48. Number of acres involved in these completed demonstrations.	4275	48
49. Number of farms adopting improved practices in the use of commercial fertilizer this year.	37	49
50. Tons involved in preceding question.	111	50
51. Number of farms taking better care of farm manures this year.	35	51
52. Number of farms using lime or limestone for the first time.	15	52
53. Tons of lime or limestone so used.	225	53
54. Number of farms plowing under cover or other green manure crops for the first time.	10	54
55. Acres of cover and green manure crops so plowed under.	375	55
56. Total number of different farms adopting improved practices, relative to the soils work reported on this page. (Include questions 47, 49, 51, 52, and 54 less duplications.)	970	56

[Use space below to include other important data relating to soils.]

The adoption of one of the different crop rotations as suggested by the Co. Agr. is doing more to increase yields and the quality of crops than any other one feature.

The raising of a catfish crop consisting of 40 lbs. weight (Per. Date and 10 lbs. weight) brooked upon demonstration to produce a profit per pond that otherwise would not have been obtained.

On "Coke Hill" farm, many successive crops of soy beans was harvested from the land was and to soy beans, which gave two crops of excellent hay and at the same time improved the soil.

¹ For drainage, irrigation, land clearing, and leveling see "Road Engineering," page 15.

CEREALS¹

Report only this year's extension activities and results that are supported by records.

Item	(1) Corn	(2) Wheat	(3) Oats	(4) Rye	(5) Barley	(6) Other ²

186. Total number of different farms adopting improved practices relative to the rural-engineering work reported on this page.....	21	186

[Use space below to include other important data relating to rural engineering.]

During 1926 first year of fruit packing houses have been erected, 100,000 bbls of apples have been marketed through the five organized co-ops of Pennsylvania by state inspection

The state inspection of fruit is becoming more necessary as the price of imported fruit is averaging 50 cents per bbl. and now imported grapes and some crops packed by individuals have been refused by buyers

AGRICULTURAL ECONOMICS

Report only this year's extension activities and results that are supported by records.

FARM MANAGEMENT.

187. Number of method demonstrations given.....	275	187
188. Number of farm-account books distributed this year.....	85	188
189. Number of farmers keeping records in such account books throughout the year.....	25	189
190. Number of farmers assisted in summarizing and interpreting their accounts.....	25	190
191. Number of farmers making changes in their business as result of keeping accounts.....	9	191
192. Number of other farmers adopting cropping, livestock, or complete farming systems this year according to recommendations.....	175	192
