Due to the error-prone nature of language translations, Licensee must include the following copyright and permission notice and disclaimer in connection with any reproduction of the licensed material in translation: "This translation is a derivative of ACM-copyrighted material. ACM did not prepare this translation and does not guarantee that it is an accurate copy of the originally published work. The original intellectual property contained in this work remains the property of ACM."

8. You may exercise the rights licensed immediately upon issuance of the license at the end of the licensing transaction, provided that you have disclosed complete and accurate details of your proposed use. No license is finally effective unless and until full payment is received

from you (either by CCC or ACM) as provided in CCC's Billing and Payment terms and conditions.

Further, in the event that you breach any of these terms and conditions or any of CCC's Billing and Payment terms and conditions, the license is automatically revoked and shall be void as if never granted.

10. Use of materials as described in a revoked license, as well as any use of the materials beyond the scope of an unrevoked license, may constitute copyright infringement and publisher reserves the right to take any and all action to protect its copyright in the materials.
