Hello,

I would like to request permission to use a published paper in my Ph.D. thesis. The paper is "Marching along to an offbeat drum: Entrainment of synthetic gene oscillators by a noisy stimulus" which will be published in ACS Synthetic Biology.

The corresponding author, Will Mather, and lead author, Nicholas Butzin, are CC'd. Please let me know what information or forms you will need, thank you.

I believe this manuscript is in a late stage of review, but it is not yet published. Based on previous referee comments, I would expect acceptance of the manuscript after this round of review (hopefully we will hear back soon).

Best,
Will Mather

Dear Philip:

Thank you for your message. This paper is still currently under review. The Editor should be making a decision very soon. Meanwhile, in order to obtain the right permissions to reproduce any published work on ACS I will refer you to <http://pubs.acs.org/page/copyright/rightslink.html>.

Sincerely,
Natalia Olson

Dear Philipp,

It is fine to use the work published in your Interface Focus paper as long as it is fully cited.

Best wishes,

Tim
